

PORTFOLIO

VIS_DO_CRAFT
(Oksana & Dmitriy Vinskiy)

ABOUT US

We started our career as 3D visualizers in 2023. Our greatest passion lies in creating designer interiors and modeling furniture. Everything we create is refined to a perfect image. We work consistently with designers and furniture manufacturers.

PREVIOUS WORK

Bedroom for designer Natali Bartkova

Bedroom and wardrobe for designer Natali Bartkova

One of our functions is creating interiors for furniture factories without involving a designer, which can help the client save money.

"We have a large database of 3D models and create our own 3D models."
