HOW IT'S MADE?

Try our chocolates today and discover the perfect balance of flavor

- Heat the milk in a saucepan without bringing it to a boil. Add sugar and cocoa powder.
- At the same time, prepare a water bath. Melt the butter on it.
- Mix the milk mixture and already liquid butter. Mix thoroughly with a silicone spatula so that the mass becomes uniform and silky.
- Heat the mixture over low heat, letting it barely boil.
- Pour the chocolate into special containers (can be replaced with ice molds). Allow to cool and harden.

Olena Kampusch

Chocolate is a family favourite treat. Love the delicious smooth chocolate and the creaminess inside. The wafer is soft but crunchy.

The chocolate assortment was delicious. Both dark and milk chocolate pieces were smooth and just right on the sweetness level.
