

## **WHO WE ARE**

### **Our Story...**

Launched by a cohesive team of construction industry experts...

United by a shared obsession for delivering a prime client experience and leading innovative solutions.

Experienced in providing premium transit expansion, underground utility, and streetscape projects...

COMPANY is a recently established full-service contracting company proud to offer its services to the public and private markets in the Province of Ontario. Our unique combination of professional skills, experience, and expertise is specifically tailored to meet the needs of the most complex construction projects to ensure seamless project delivery results for every client.

### **Our Main Values...**

**RESPONSIBILITY** – In the full meaning of this word! Whether it is justifying our client's expectations, leaving a minimal footprint on the environment as a result of our activity, or ensuring employee safety... Being responsible and accountable is our everything!

**VALUE** – Bringing exceptional value to all of our clients, partners, employees, and the society at large while conducting business is an integral part of our company standards.

**ETHICS** – We are committed to retaining crucial human values in our business process, and adhering to the highest moral and ethical standards at all times and under every circumstance.

## **THE PROCESS**

### **Pre-Construction**

Project success emerges from efficient preparation, and that's exactly what we can help you with. As a part of our pre-construction services, we will provide our expertise on:

- Design Development & Review
- Value Engineering & Cost Optimization
- Budget Planning & Procurement

Or leave it to our team of experts to lead the entire design process for you!

### **Project Execution**

The construction phase is where we truly demonstrate our professional competency and expertise. We methodically plan and execute work processes to convert designs into reality and deliver exclusively the leading turnkey construction products. Timing is a top priority and each project is delivered according to our superb quality standards.

#### Post-Completion

COMPANY has established itself as a committed long-term stakeholder of all its completed projects. Project closeout procedures consistently abide by the client's requirements and the warranty process is unfailingly addressed in a timely fashion each time. We can develop and implement project maintenance programs and we will provide subsequent support as required by the client.

### **PORTFOLIO**

COMPANY is a brand-new start-up, nevertheless, we excel at assembling the perfect team to build a solid foundation for this venture. Our experienced management played crucial roles in the design, bidding, and construction of some of Ontario's most prominent public infrastructure construction projects of the past decade.

### **LET'S TEAM UP**

COMPANY is eager to build transparent and effective win-win relationships with all potential clients, partners, and employees. If our values resonate with you, we want to hear from you!

### **HEALTH & SAFETY**

We have developed, implemented, and are continuously maintaining first-class Occupational Health & Safety and Environmental Protection Management Systems.

### **PARKS & RECREATION**

A place where you can relax and enjoy watching your kids play. From a luxurious backyard design/build project to the construction of the most sophisticated community center water play park, we got it!

### **URBAN STREETSCAPES**

Where skill meets attention to detail. Modern downtown boulevard, intricate promenade walk design, or an upscale skyscraper courtyard... We will transform the design into reality.

### **GOLF & ATHLETICS**

Professionalism and excellence in construction and maintenance of the finest golf courses and state-of-the-art athletic facilities.

**EARTHWORKS**

Earthmoving, grading, and excavation.

**SITE CONCRETE**

Curbs, walkways, walls, and much more.

**SEWER & WATERMAIN**

We do that too... And we do it well!
