Experience

06.2020-05.2021

Iman I Kamyanska 17, Khmelnytskyi, Ukraine

Assistant

During my tenure as an Assistant at "IMAN", a textile company in Khmelnytskyi, Ukraine, I honed my skills in administration and customer-centric IT consulting. My responsibilities included managing a comprehensive database, streamlining the order processing and shipping operations, and contributing to the overall management strategy. This multifaceted role allowed me to leverage my expertise in technology and business processes to drive efficiency and deliver exceptional service.

2020-2022

Sensee Clothes

Entrepreneur

From the age of 16, I embarked on an entrepreneurial journey, establishing my own online clothing store and diving into the world of import and export in Khmelnytskyi, Ukraine. My business acumen shone through as I navigated both retail and wholesale markets, showcasing a keen understanding of global trade dynamics and a commitment to delivering quality fashion to a diverse clientele. This early venture not only honed my skills in e-commerce but also laid a solid foundation for my multifaceted expertise in the industry.

07.2018-2020

Main Mosque of Khmelnytskyi I Zavods'ka St, 34, Khmelnytskyi

System Administrator

Over the course of 1.5 years, I dedicated myself to mastering database management and administrative skills, specifically by developing databases for the Muslim community in Khmelnytskyi. This experience was not only a practical application of my technical knowledge but also an opportunity to contribute meaningfully to the community, enhancing my expertise in data systems and administration.

Online | Social Media

PR-Manager

I have been working in this field for over 3 months now. My main blogger base is more than 500 people and is growing every day. I am an intermediary between the client company and clients from the CIS and Ukraine. I plan to expand my skills to market in German-speaking countries (Austria, Germany, and Switzerland).
