OUR STORY

Born from a love of craft.

Volta started as a single cart in Shoreditch Market, run by two friends obsessed with origin coffee. Today we source directly from 12 farms across Ethiopia, Colombia, and Java — roasting everything in-house, 48 hours before serving.

We believe the best cup of coffee is the one that makes you slow down, breathe, and stay a while

Direct Trade We pay above fair-trade rates, direct to 12 farms.	Zero Waste Used grounds go to local community gardens weekly.
In-House Roasting Roasted on-site. Never more than 48hrs from bag to cup.	Seasonal Menus Menu changes every season to follow the best harvests.
