

AsianFeels Dating Site Review

A detailed and honest review of a popular Asian dating platform AsianFeels.

The Overview Of AsianFeels.com

Find the love of your life

Many people think that it is very hard or unreal to find a love of the whole life. AsianFeels dating site with a great search engine will easily help them to do this! In their opinion, there are only a few women which will be the right fit for a man. But nowadays there are many ways to find a soulmate. And the most popular one is online dating sites. On the dating sites, you can easily find out all the necessary about the person before starting the correspondence. More than that, you can get acquainted with people from over 30 countries. Just start using AsianFeels and you will see that everything is very easy!

How to sign up?

It is free to join the AsianFeels community. You don't need to pay to sign up. Registration has several stages:

1) You need to enter the main information about yourself:

- who are you and who you are looking for;
- name;
- birthday;
- email;
- your password.

2) There is a necessity to read and agree to some documents such as Terms of Use, Privacy Policy etc. 3) Each member undergoes the verification before creating the account.

4) Don't forget to add some information about yourself and your best photos.

How to find a wife?

First of all, you should make sure that your profile looks attractive. It is one of the most influential factors for successful online dating because high-quality photo and accurate profile information form the first impression. Don't lie when you fill in your page even if you want to make a good first impression. In this way, you will attract a lot of people who you are not compatible with.

AsianFeels powerful database and excellent search engine simplify the process of finding a potential partner. You can find the most suitable partner entering different preferences. You can search by such criteria:

- age;
- country;
- religion;
- bad habits;
- education;
- parameters and so on.

The powerful searching system helps you to find a partner, which is the best choice for you.

When you find someone you are really interested in you can message this person. But it is not a single possibility here. AsianFeels dating site provides its users with many other newsworthy functions:

- video calls;
- cute gifts;

- emails;
- sharing photos and videos, etc.

All of this helps you get acquainted with a potential boy- or girlfriend. By chatting, you can learn about his or her character and lifestyle before building a relationship.

What about safety?

Safety of every user is the main concern of AsianFeels website. 128bit SSL-encryption is used to ensure the safety and privacy of transactions and all confidential information. If you think a certain user engages in any illegal activities, you can contact the support center. Problems with outdated or fake profiles are unknown for AsianFeels site because of regular upgrade and reliable protection system. You can be sure that you are communicating with a real human. The scam possibility is excluded. So there is a guarantee that the work of the whole system is legit and all of the users are real.

How much does it cost? Prices

AsianFeels site gives 20 free credits for new members after registration. It is a virtual currency. Only after getting these credits you have access to the site before buying a paid subscription. Using them, you will have a possibility to read emails, answer a few messages and browse through profiles. To continue enjoying every feature, including chatting and making phone calls, you will have to upgrade to a paid account. You can choose which membership package you want to get. After running out of the credits, there is a possibility to use email service without payment. But you can buy more credits and enjoy all of the benefits again. If you stop for a while your conversation, you don't have to pay for a pause time. AsianFeels site's credential system provides a full membership system which is qualitatively different from other dating sites.

Advantages

There is no doubt everything in the world may be characterized from 2 sides, positive and negative. It is useful and important to know the pros and cons of things we use to understand if it is worth attention. Different dating sites are among them. AsianFeels has a lot of advantages you should consider:

- handy interface: using the site will be extremely easy for everyone;
- easy to use: even a beginner will cope with the system;
- accurate and quick search engine: as a result – the high probability to find new relationships and just friends;
- a mobile application: you can access the dating site from different locations, not only from your personal computer;
- high-quality images: watching a lot of user's photos and videos gives a real pleasure for your eyes;
- support center: you can turn to it when there is any problem;
- legality: excellent security system protects from scammers and fake accounts;
- there is no fraud and spam: the decennial experience of the service work makes AsianFeels one of the most reliable and effective platforms;
- statistics: you can see who is interested in you;
- safe and friendly atmosphere: there are thousands of people who want to get acquainted with others;
- constant updates of profiles: helps to know if a profile is outdated;

- free registration: you don't have to pay money to sign up on the site.

Disadvantages

As a coin has two sides, using online dating sites has not only positive but also some negative characteristics. Obviously, AsianFeels is not an exception. So, the disadvantages of using AsianFeels are:

- a lot of functions should be paid: you should buy credits to use such services as video call, sending gifts or listening audio messages:

- there is no 100% guarantee to find someone you would like to live a whole life with: evidently, there is a probability you won't find a man or woman who will fully satisfy your requirements;

- it's a paid service: so you need to pay in order to find someone on the platform.

But I am sure these cons won't overcome all benefits above.

Conclusion

At the conclusion, I would like to say that due to AsianFeels dating site your dreams about marriage with a foreigner may come true. This dating site connects people and countries.

Simple but extremely exact search system helps people all over the world to start communication and new relationships and to find their soulmate without leaving home. The best thing is that you can use various filters and choose different options to narrow the search circle. It is essential that you can check the system for free and test what you are going to buy. When you became a full member of the AsianFeels site, you must be ready to chat a lot, get acquainted with numerous people and even find the long-awaited love of your life from the place you have never thought about.
