

Beautiful, durable, high-quality, favourite... Women wearing a Golden Rose velvet matte lipstick usually use these words for its description.

Putting the lipstick on, you'll get your lips perfectly luscious, smoothened, and moisturized. Your skin will be grateful to you for using such a protective cosmetic. This product is dermatologically tested and free of harmful chemicals.

In a diverse palette of colours, you'll definitely find the one that matches your current look - from the business lady to the queen of seduction.

... With a Golden Rose lipstick everyone will understand you without mincing words - just by reading your velvet matte lips.
