

Airlines of Brisbane Airport

Airlines submitted by the BNE Airport

The airport cooperates with many airlines, of which there are more than 50. Every airline is connected with different parts of the world. The airlines of the airport offer exceptional high-end service and ongoing customer support. In a year, definitely thanks to the airlines, the airport can serve more than 20 million people.

Airlines destinations of the International Airport

Since all the airlines of the airport offer the most different routes, the number of places where you can go both from the airport and in is more than 70 different routes. Despite the fact that Brisbane Airport has loads of airlines that offer routes to the other countries, people are more likely to use domestic routes. The most popular destination for people flying from the eponymous city is Sydney.

Facilities of the Brisbane Airport Airlines

The whole scope of air traveling is developed as well as possible around the world. Almost every airport is equipped with new and excellent equipment that annually increases its technology development. Airlines generally offer similar amenities to each other. Let's look at definitely the most basic ones:

- Different seat classes such as Premium, Business and loads of others;
- Access to airline lounges with comfortable seats;
- Wi-Fi connection during the flight;
- Music, films, TV and a kid's choice;
- Comfortable seats and environment during the flight;
- Friendly and high-end qualified staff that can help passengers anytime.

There are three main seat classes and several subclasses with facilities that are similar to each other. It depends on the airline what other classes it can offer. Although different airlines have different rules and services, in some ways they are obviously similar. Let's consider what classes are on planes and what they offer from the most expensive to the most affordable:

Ø First class

This class, as usual, is distinguished by the most luxurious seats on the plane. Each airline tries to make this class as convenient as possible. What it usually offers:

- ü VIP luxurious lounges with its own facilities;
- ü Ordering loads of drinks and delicious meal from a wide range of dishes from different cuisines;
- ü Wi-Fi and films and different entertainment;
- ü Skipping the queue to check in for a flight or do it in a separate VIP terminal, and drive up to the gangway in a special transport.

Ø **Business class**

This class is similar to the previous one and it is a kind of replacement, since the first class cannot be represented in every aircraft. The ticket price includes special meals, drinks and internet access. A comfortable lounge awaits passengers before check-in, and the check-in itself takes place either at a separate counter or in a separate terminal. Let's take a look at facilities that it offers:

- ü A special menu depending on various personal and religious preferences;
- ü After a long flight, enables to put passengers` clothes in order in a specially designated place;
- ü If necessary, the ticket owner can change the date of departure or even return the ticket, receiving back its entire cost.

Ø **Economy class**

It is the most popular class which offers not too high and affordable prices. Usually, the economy class is located in the middle or back of the aircraft and it is the cheapest compared to the previous two classes. It usually offers:

- ü Equipment with folding table and comfortable seats;
- ü The number of meals and its quality depending on the airline;
- ü Earplugs, pillows, blankets are provided upon request.

Airtrain of Brisbane Airport

There is one of the most interesting and comfortable ways to arrive in Brisbane or to the eponymous airport. Trains come frequently. It makes it a convenient way to travel. The railway tracks are often located above roads and highways, so that gives people some spectacular views to the city and to the eponymous airport. It has qualified employees which helps passengers. Also it offers affordable prices, some other services inside the train and comfortable seats with exciting views on the side. People who have just arrived at Brisbane airport can consider the train as a good transport for travel in the city. It also can be used for inter Terminal transferring.

Facilities of Airtrain Brisbane

The Brisbane trains are modern and well-equipped. They offer loads of different interesting services. Let's consider them:

- Ø Convenient and spread routes throughout the whole city;
- Ø Comfortable seats and pleasant compartment;
- Ø Wi-Fi access;
- Ø Go Card service that charges less than a common ticket;
- Ø Modern high-end equipped interior;
- Ø Some different offers for any group of people like family, friends or a single passenger.

Skytrain Brisbane Costs and Fares

Usually people, who want to travel by any train, buy tickets. There is a Go Card system that reduces almost all fares. A common trip for adults charges \$19 if it is a one-way trip. The round trip will charge \$37. Tickets for children cost \$28.5. Also there are some more offers for different groups of people.

If the airport visitor wants to get a ticket, he or she needs to get to Airtrain desks, which are located in both International and Domestic Terminals. If the customer has any difficulties finding it, then he can follow the map or ask for help from the staff.

Routes and trains from Brisbane Airport to Central Business District

There are 6 main railway tracks in Brisbane city. In the center of the city they have the same direction since all of the lines come through the central business district. It is a place where the most modern buildings and technologies are concentrated. But the line ends come to different sides of Brisbane. Consider, what locations of Brisbane they arrive:

- **Green line**

The line comes from Sunshine Coast. It passes through Brisbane and ends in Rosewood. It is one of the longest railway tracks in the city. Caboolture, Sunshine Coast and Ipswich, Rosewood are names of the one green track.

- **The sky blue line**

The track starts from Kippa-Ring. Most of the track has the same destination as the previous one. Redcliffe Peninsula and Springfield are names of this line.

- **Blue line**

The line starts from Shorncliffe, close to Moreton Bay and ends in Cleveland, also near the bay. It consists of the Shorncliffe and Cleveland lines.

- **Yellow line**

This line starts from the international airport. It passes through Skygate mall. The end of the line is located in the Gold Coast. It is divided into Airport and Gold Coast lines.

- **Purple line**

Doomben line is the shortest railway track in Brisbane. It starts from the eponymous location and ends in the Central Business District.

- **Red line**

It is the single line that starts from Ferny Grove that is located farthest from Moreton Bay. It ends in Beenleigh.

The Brisbane rail track

Brisbane train lines are spread throughout the city. There are some ways of traveling that are main.

Ø Inter-Terminal transferring

It is very useful, excluding shuttle, bus or other transport, for Brisbane airport visitors.

Ø Traveling through the city

This is one of the most popular ways to travel. The main benefits are, large line network, affordable prices and comfortable seats.

Ø Traveling to Brisbane from other cities

It is a comfortable, long trip with pleasant service. It offers free Wi-Fi access for passengers and beautiful views on the side.

Area Map of Brisbane Airport

The airport is located in Brisbane city. Brisbane airport has two Terminals International and Domestic respectively. The Domestic one serves more than the second Terminal. It also has three “fingers” where VIP lounges from popular airlines like Qantas or Virgin Blue are located. The airport has two runways which are located parallel to each other. BNE airport building is located close to Moreton Bay.

The Domestic Airport map of the eponymous Terminal

It is a building which is older than the International Terminal and handles more customers than the second one. Visitors can find a taxi rank close to the Terminal, Airtrain service and loads of different buses. There are two main levels of the Terminal. First level is split into two major airlines Virgin Australia and the very famous Australian airline Qantas. Level 2 has loads of different departures. It has various services, schedules and high-end staff that helps customers. The building consists of the main part which has two levels and three “fingers” with lounges. The building is located close to Moreton Bay.

Map of the International Airport Terminal

This building is not very old, but it is very popular among people. In spite of not having as large people turnover as the Domestic Terminal, the International one has its own benefits and advantages. It is located close to the ends of runways. The building has four levels. Consider them:

- **Level 1**

The level is split into some of the airline lounges. The airlines, which operate there, offer loads of different great facilities for their passengers.

- **Level 2**

It is a location which offers a large variety of different services for customers. They can find cafes, fast foods, restaurants and other stores there.

- **Level 3**

It obviously has the same facilities as the previous level, but the variety of stores is different. Also, there are ATMs, currency exchanges, Duty Free service and the airline officers.

- **Level 4**

This level offers a check-in service. There are VIP lounges, retail concessions, information counters and baggage services.

BNE Airport map and layout

The International airport is surrounded by loads of different green fields, stores and other services. In addition to having two Terminals, the airport also has various hangars and aircraft services which are located on the other side of the old runway. There are detailed maps and layouts of both International and Domestic Terminals of Brisbane airport.

Arrivals into Brisbane Airport

Statistics and traffic

The statistics of arrivals until the winter of 2019, before the spread of COVID-19, had a rapid growth rate. From 1990 to 2000, the number of annual flights increased by two and a half times, and from 2000 to 2010 - by two times. The record number reached 24 million people every year in 2019. According to the forecasts of experts, the number can obviously increase to 50 million by 2035. Because of the virus, the number of annual flights dropped to about 8 million in 2021.

Airlines and destinations of the Brisbane International and Domestic Terminals

BNE Airport works with approximately 50 airlines from all over the world, which operate in both International and Domestic Terminals, serving more than 20 million people annually. The main things guaranteed by all airlines are, first of all, safety, then comfort and high-end personnel who have the necessary education and are able to show themselves excellently at work and in interaction with people.

Terminal Networks of the BNE Airport:

- **Domestic arrivals Network of the International Brisbane Airport**

The best domestic connections are owned by the BNE Airport in Australia. This network has about forty destinations within the country. Including the smaller cities of Australia. The most popular and busiest routes of this terminal, which each handled more than 1 million people annually, are: Brisbane - Sydney, Brisbane - Melbourne, Brisbane - Cairns and Brisbane - Townsville.

- **International Network of Brisbane Airport**

The BNE Airport keeps you connected with the world by having more than 20 different destinations. The network has such cities as Los Angeles, Dubai, Hong Kong, Singapore, Doha and others. The most popular destinations of this Terminal are Brisbane – Changi (Singapore), Brisbane – Auckland, Brisbane – Dubai, Brisbane – Hong Kong and Brisbane – Los Angeles.

Outdoor views during the Brisbane arrival flights

The airport has one two runways, which, upon takeoff, are directed right to Moreton Bay. During the flight, people can enjoy both the city and the ocean scenery of the turquoise water of the bay. In the case of flights to the West, passengers will

have the opportunity to observe the views of Australia from a great height. Of course, in case of clear weather.

Aircraft maintenance and personnel at BNE Airport

Before each flight, absolutely any aircraft undergoes a technical inspection and readiness for takeoff. The airport employs only high-end personnel who are hired to ensure a reliable and safe flight. This airport is also known for the friendliness of the staff themselves, who are ready to help everyone at any time. Also important is the fact that many of the staff know more than two languages, which allows them to help the visitor from almost anywhere in the world.

Proven and reliable aircraft provided by the International Airport airlines

All, without exception, airport aircraft, as mentioned above, are checked before flights and are popular and reliable models in aircraft. It is very common to see Boeing 737, 747, Airbus A320 and loads of different other famous models.

Flight arrivals congestion at International Brisbane Airport

The airport, as it should be for almost all international airports, operates around the clock. The main attendance time is 9 am all days and 6 pm on Sundays, Mondays, Tuesdays, Wednesdays and Fridays. The time when the airport has a minimum of people, usually from 0 a.m. until 4 am.

BNE Arrivals Terminal

The airport is served by the International and Domestic Terminal. They operate around the clock and serve loads of information and flight data. High-end staff allows the data to be processed as quickly and accurately as possible, thereby organizing maximum efficiency in terms of landing and taking off aircraft at the Brisbane Airport. The BNE employees are also involved in the most important thing in the aviation industry - monitoring and tracking live flight routes. It allows pilots to make both takeoff and landing at the airport as safely as possible and have time to arrive on time.

Brisbane Airport

Brisbane International Passenger Airport is located in the eponymous city. The airport is the third largest in the world in terms of passenger traffic in Australia, right after Sydney Airport and Melbourne Airport. One of the routes - Brisbane-Sydney is the seventh busiest route in Asia, as well as the eleventh route in the world.

Location and weather of the International Airport

The airport is located between Moreton Bay and Brisbane. It is surrounded by loads of different enterprises, firms and factories, as well as private houses. The airport welcomes people with hot summer temperatures of up to 30 degrees Celsius, and an average of 15 degrees Celsius in winter. The airport operates Domestic and International Terminals, as well as a cargo terminal and two runways. And also, it has huge parking and auto rental.

Facilities offered by Brisbane Airport

The airport offers quality services and excellent service suitable for everyone:

- First of all, booking transfers;
- Excellent parking, which is located close to the entrance;
- Loads of cafes, restaurants, sushi;
- Duty free which is presented in almost all airports in the world;
- Clothing, gadget and accessories stores;
- Rent of various cars that will be affordable to everyone;
- 3-star Ibis Brisbane Airport hotel with affordable rates and a huge number of positive reviews about high-end personal;
- Great staff serving you anywhere in the airport;
- Airport medical assistance and first aid is provided by experienced doctors;
- The airport offers 24/7 high-speed internet that is free for all visitors.

People turnover of BNE Airport

The approximate number of people, who fly into Brisbane Airport annually, is approximately 20 to 25 million. Airport statistics, when planes succeed on time, are

86-88% of flights when the aircraft arrives at the destination less than 15 minutes late. It is ranked fifth in the on-time performance in the world.

How to get to the International Airport?

There are 4 most common ways to get to the airport:

- Taxi is one of the most frequent, but not the cheapest way to get around. Taxi services are affordable and work around the clock. They are available both at Domestic and International Terminals. If you have any difficulties with finding it, you can contact the Kerbside Officers who will help you.
- Buses offer a low and affordable price. The airport has one round-the-clock 590 Route. Leaving the Skygate Centre, it passes through the terminals.
- The airport has a railway station, which delivers people directly to the Domestic Airport Station. This is one of the simplest and most affordable ways to get to the point of recognition. The track passes through the Gold Coast and the cities between.
- Shuttle bus, which is offered by the airport, can take you to Brisbane Airport, both from Sunshine Coast or Gold Coast and other locations of the eponymous city regions.

Brisbane City

This is a city where everyone spends their time in the fresh air, having a fabulous and fun time. It is also famous for its incredible and mysterious beaches. Brisbane's History Bridge is as iconic to its skyline as the Harbor Bridge is to Sydney's. It's beautiful to watch the sunset over the History Bridge from the Wilson Lookout in New Farm. The city also offers a wonderful Queen Street Shopping Center, which is a pedestrian street filled with shopping arcades and dining areas.

VIP Lounge facilities of International Airport in Brisbane

The International Airport offers great high-end lounges. They are the best places for both holidays and business. It brings people an atmosphere that brings them calm staying at the airport. All of them have free snacks, assorted alcoholic drinks selection and comfortable seats.

There are also some different features that are offered by the lounges:

- Unlimited drinks;
- Free Wi-Fi;

- Snacks and buffet;
- Showers.

Brisbane Airport airlines

The International Airport works with more than 50 airlines from whole world. They operate in both terminals, serving more than 20 million people annually.

Historical name of Brisbane Airport

Talking about the history of the airport, which begins a very long time ago and boasts various achievements of the beginning of the aircraft industry. Eagle Farm Airport was the airport's first name. Thanks to the flat surface, which was ideal for the construction of a future airport, originally an agricultural area in Queensland, in 1925 it became an airfield. In our time, there is a museum in which there are unique specimens of aircraft, precisely those that have become achievements in aircraft construction.

Brisbane International airport awards

The airport is the proud owner of the Eagle Award, which was presented to it by the International Air Transport Association back in 2005. This is not the only thing the airport can boast of. Skytrax is a privately held and highly influential consulting company based in the UK. It collects various data on the world's airlines from more than 70 airports and 200 airlines. Conducting various surveys, including the World Airline Passenger Satisfaction Survey and the World Airport Customer Satisfaction Survey, Brisbane Airport has been recognized by this company as the best among other airports in its Australian-Pacific region.

Brisbane Airport Buses

It is one of the most affordable transports that offers great and qualified drivers who know the locations, comfortable seats, air conditioning and free water facilities. Customers can buy tickets inside buses. The fare differs because of the route, location and the transport directly. There are some different types of buses at the BNE airport. The airport bus service offers loads of opportunities to book door-to-door trips that are cost competitive. There are some different companies or types of buses that are offered by the airport. Also there are some buses that go only the same route, and obviously frequently.

Brisbane Airport buses types and services

The city bus network moves approximately two-thirds of the Brisbane residents and customers annually and it is more than 75 million of visitors respectively. The airport and other bus companies provide their consumers with loads of different facilities. Let's consider the main:

- Comfortable and relaxing seats;
- Air-conditioning and care about the passengers;
- High-end qualified drivers;
- Brisbane city and the eponymous airport maps;
- Clean car interior and permanent cleaning service;
- Working condition of the transport, fixing any engine problems and constantly taking care of the buses.

There are various bus opportunities that are offered by both the airport and other bus companies. Let's consider what the opportunities visitors can deal with:

Ø Buses to Brisbane Airport from other locations

The transport, which can get passengers to the airport, is approximately throughout the city. There are different routes that can get you. Also there is a booking service, offered by the airport. It provides people the opportunity to get the bus that will take him or her from another Australian city that is located close to Brisbane.

Ø Buses from Brisbane Airport to Brisbane City

There is a large network of the Brisbane city buses. The chain occupies almost the whole city. There are some routes that go from the airport. The most

popular is to the Skygate mall. It will be considered in the following paragraph. The Skygate mall is a famous location of the city and also it is a place where loads of other bus routes are crossed, so everybody can get to approximately any location of the city.

Ø 590 Bus timetable Brisbane

It is the bus that takes people between both Terminals and to the Skygate mall that was mentioned above. It offers an around the clock service. How fast the bus will arrive depends on the time of the day. Usually the buses arrive frequently at least 15 – 25 minutes. The fare is \$4.90 if a customer buys a ticket. In case of go card peak or off-peak it will take \$3.35 and \$2.70 respectively.

Ø BNE Airport shuttle buses and free bus services

There is also an opportunity offered by the airport and some other companies that is shuttle bus service. Depending on airline, tour, company and some other factors, it can be free or not. Usually if the visitor of the city has free transportation to a hotel for example, he or she can easily get there without any fares.

Now let's consider the shuttle bus service. It is a special transportation to different locations of the city. It can be Gold Coast, Sunshine Coast or even Noosa Heads. Usually it is a door-to-door trip, so do not forget about it. Con-X-ion offers such services and it is popular among visitors. It is located in the airport. If you are in the International Terminal, you have to get to the Visitor Information desk. In case he or she is in the Domestic Terminal, the person can find it outside of the Terminal forecourt at the end of it.

Car renting of Brisbane Airport

BNE Airport has loads of different car rental companies which are spread out over a large area around the airport. Car rental companies are from various other countries. They are both very popular all over the world and growing, ambitious and reliable companies.

Services and Facilities of cheap Brisbane Airport Car rentals

Every car hiring company has its own differences from other ones. In most cases they are the same. For example, they have car classes like economy car, minivan, comfort or luxury. Consider what interesting facilities Brisbane car rental companies provide consumers:

- Loads of booking services to get a convenient car;
- Car classes division;
- Affordable prices to each car in storage;
- High-end communicative employees and executive staff;
- Reliable vehicles that have permanent cleaning while storing;
- Food and drinks services for visitors;
- Free Wi-Fi access;
- A great hospitality to every visitor;

Rental cars of Brisbane Domestic Airport

There are loads of rental car companies that are very popular. They have their own facilities which are a bit similar. Let's consider the most popular and interesting car rental companies of the airport.

Ø EastCoast rental car company

It is known as one of the leading and largest independent car hire providers in the country. It provides consumers with loads of different offers and new bookings. It has approximately 18 types of cars in the storage. Also it has some hybrid cars that do not pollute the atmosphere as much as common cars.

Ø Bargain company

It is a successful and growing Australian Owned and Operated car rental company. The Bargain storage has more than 25 different vehicles. It is located near a group of park slots and the other Brisbane airport car rental companies.

Ø Enterprise Rent-A-Car

It is a popular US car hiring agency. The company is the flagship brand of Enterprise Holdings which also owns other agencies like National Car Rental and Alamo Rent a Car. This company offers loads of sales and different models of cars.

Ø Hertz car rental

It is a popular all over the world US car rental company. Its offices are located in the Domestic Terminal and one more close to AIRPARK. This company also has different car collections like Hertz Green collection that has hybrid vehicles like Mitsubishi Outlander PHEV LS and Prestige collection which turns the everyday into the extraordinary providing consumers with Audi Q-series cars.

Ø Thrifty company

This is an American car rental agency that is a subsidiary of the previous firm. The company offices are located in both International and Domestic Terminals and also near AIRPARK.

Car rentals which are located close to Brisbane Airport

Now consider companies which are located further than other car rentals from the airport. So people need to get a transport to get there.

Ø Apex Car Rentals Brisbane Airport

It is a great company that is located some kilometers from Skygate mall. The best car offers there are Compact car Toyota Corolla that will fit every driver, Small SUV Mitsubishi ASX, Economy car Hyundai Accent or Mini Van Kia Carnival.

Ø Five Star Car Rentals - Brisbane Airport

This is a new growing Australian company. It is considered to be one of the most affordable and varied car hiring companies in Brisbane city. It provides consumers with family sedans, compact hatchbacks, SUV cars, 12 seat minibuses and other types of cars.

Ø Crazy Clark's Car Rentals

It is a car rental enterprise that is revolutionising the car hiring industry. It offers affordable prices and very helpful employees. One of the main services of the company is free pick-up and drop-off service from Brisbane airport and some other locations.

Ø Ace Rental Cars Brisbane Airport

This is a deep-value established car hiring company that operates for more than thirty years. The main idea of the company is to offer the most affordable prices for great cars. Also there are a lot of positive feedbacks about very efficient staff, car service, variety of cars and low prices.

Brisbane Airport Departures

Departures from Brisbane Airport

The eponymous airport offers loads of different destinations where you can fly both domestically and abroad. Typically, the utilization of seats and space of all flights averages approximately 75 - 80%. The annual human service is approximately 20 to 30 million. Absolutely all Brisbane departures are accompanied by high-end equipment and qualified staff. The most common locations where people fly from Brisbane Airport are Australia, Asia and New Zealand.

Departures to BNE Airport

The airport flies from almost all countries of the world, especially from large cities. The exact timetable is in the tables of airports. If you need more information, you can contact the support service or airport staff who will help you in any way they can. Why do people visit Brisbane City?

- The city is a great and warm place to relax.
- It has loads of attractions that will be interesting to visit more than once.
- Brisbane is a large, beautiful city with a permanently gorgeous view.
- The estimated population, according to a 2019 study, is two and a half million and you can easily make friends with everybody in this friendly city.
- It is always a pleasure to spend time in the city walking in the fresh air and enjoying the city.

Departure tracking system and staff operating in the International Brisbane Airport

Although the eponymous airport offers great high-end services and highly qualified staff, sometimes there can be delays in flights. This is not only due to constantly changing weather or turbulence zones. Usually the plane makes several flight circles before landing if the runway is busy.

A prime example would be three flights, Sydney, Mackay, Darwin, arriving at the same time at 6:05 a.m. Therefore, a small delay is possible due to the intersection of routes in the schedule at the same time. If you take any flight, on average, the staff refuels more than 120% of the fuel calculated in case of various delays.

In case of a delay, on the contrary, while waiting for your flight, the airport offers services such as:

- Loads of restaurants, sushi, café and fast foods;
- Buffet with snacks;
- Free drinks;
- Very fast and free Wi-Fi;
- Showers.

What departures offer the Brisbane Terminals?

The main two International and Domestic Terminals offer two ways to travel abroad or within the country itself. The work goes on around the clock and basically the largest number of landings takes place in the daytime. For the most part, flights are made within the country, but quite a few fly abroad. Let's take a look at both terminals and what they provide:

- **Domestic Brisbane flight departures**

Flights within the country, as mentioned above, are very common. Australia has a network of over 50 destinations where a passenger plane can depart from BNE Airport. The most frequent route is to fly to the largest and world famous city, Sydney. The seat utilization in this route is on average above 90 - 95%. There are also many well-known routes Brisbane - Melbourne and Brisbane - Cairns.

- **International departures from Brisbane Airport**

Although flights abroad are not as popular as domestic flights, they are still very popular among tourists who want to visit Brisbane Airport itself or other famous cities in the world. The airport offers more than 20 different destinations to major and famous cities in the world. The most frequent departures are to South-East or North-East Asia, which together, according to 2019 estimates, is more than 50%. Least of all people fly to Europe - less than 1%.

Brisbane Airport flight status operating

For successful flights, each flight is closely monitored and communication is maintained with the crew of the aircraft. The Brisbane Center itself makes up approximately 5 percent of the world's total airspace. Two independent organizations, military (RAAF) and civilian, provide Australian air traffic control. High-end controllers of the air traffic manage orderly and safe aircraft flow out of, into and

between Australia airports. In general Queensland, New South Wales, Sydney north and some Western Australia with Northern Territory are what the Brisbane FIR consists of.

Brisbane Airport Domestic Terminal

It is one of the two Terminals of this airport. It is in higher demand than the International Terminal. Both in size and in terms of passenger traffic, it is larger than International one. In addition, the Domestic Terminal was one of the first parts of the airport when it started to become a passenger airport and then International Brisbane Airport.

The building of the Terminal 1

The Domestic Terminal is a large building that is located between the runways and the parking lot. It has two levels.

- First Level

This level is for the airport staff and other services. This level is split into two major airlines, Virgin Australia and famous Australian airline Qantas. They operate there and make the flights safe and secured. The airlines offer loads of great facilities for their passengers.

- Level 2

This level is for departures. It has a lot of schedules, services and staff that deal with the visitors and passengers. Also there are a lot of different shops and restaurants.

There are loads of different café where you can spend the time on comfortable seats and watching interesting movies on the monitors. If anybody is hungry, he or she can attend any fast food that offers great delicious production and affordable prices. Every visitor can go to Duty Free and find something interesting there. Brisbane Airport stores offer consumers a good range of products, high-end qualified staff and affordable prices.

Facilities and Services that offer the Brisbane Airport Domestic Terminal

This building is the largest at the airport, not counting the runways or parking lot that is located close to the Terminal. It includes many cafes, restaurants, fast foods and stores such as:

- Coffe Royal
- Graze Grill & Bar

- Glasshouse Bar
- Gadget Shop
- Health & Beauty
- LEGO
- Lotte Watch Co. and others

The Domestic Terminal loads of different popular and affordable airlines operate. Most popular of them:

- Qantas (Domestic) that has approximately 40 different destinations to the Australia big cities;
- Virgin Blue (Domestic) offers 15 routes domestically;
- Jetstar Airways, which is a subsidiary of Qantas, carries more than 8% of all passengers traveling out of and in Australia.

How to get to the Brisbane Domestic Terminal and the Terminal D opening hours

The Terminal itself is surrounded by car rental services and many parking lots. In addition, a huge Skygate mall is located close to the Terminal D. The Terminal and Brisbane Airport itself work around the clock annually.

Let's consider some convenient ways to arrive the Terminal:

- **Bus**

It is very popular and obviously it is the most affordable way to get to the airport. The Brisbane buses come frequently. There are loads of different routes that go through the Brisbane Airport location. They can take you from various parking lots that are located close to the Terminal D and some others. There is a route that goes from the Skywalk Mall to both the Domestic and the International Terminals. And also there are some routes that go from the Terminal to another Terminal and again only.

- **Train**

It is a great way to get the building. It frequently comes there by the air track that gives people some spectacular views to the city and to the eponymous airport. It has affordable prices, high-end staff that helps

anywhere and anytime, some services inside the train and comfortable seats with exciting views on the side.

- **Taxi**

It is one of the fastest ways to arrive at the airport. It cannot boast affordable prices but it is popular among the visitors of the airport. It is comfortable transport that takes to approximately any location of the Brisbane Airport.

Lounges of the Brisbane Domestic Terminal

There are some popular airlines like Qantas and Virgin Australia which operate in the Terminal. The airport has various lounges which offer many interesting services, such as:

- Free snacks;
- Buffet;
- Loads of drinks;
- Very fast and free Wi-Fi;
- Showers;
- Live schedule boards that announce the flights;
- High-end qualified staff which helps everyone anywhere, anytime;
- Various of different entertainment;
- Location for kids;
- Music, films and TV;
- Comfortable seats and environment during the flight;

The location and address of the Terminal D of the Brisbane Airport

The full address is Brisbane Airport QLD 4008. The airport has many hangars and aircraft stands. The domestic terminal serves Qantas and QantasLink to the north and Virgin Blue to the south, while other carriers such as Jetstar are served centrally in the common area.

The Qantas Hall has 9 stations with air bridges, including one double. There are 7 places with air bridges in the Virgin Blue Hall. There are no jet bridges in the central hall. Remote parking lots are located north and south of the building (except for jets) and in the central area (for jets).

Hotels of Brisbane Airport

The airport is known all over the world and is a popular place to visit. As befits any major airport, it has loads of different luxurious accommodations and hotels. To begin with, consider some hotels associated with the airport itself and located directly near the airport.

Brisbane Airport Hotel Accommodation Pullman and the ibis hotel

The airport offers people two big buildings where you can stay and relax. Pullman hotel has 5 stars and the ibis one has 3 stars. These buildings are very similar. They both have the same number of floors. They are very close to each other, and just as close to the airport. Let's consider what both of the hotels offer consumers:

- Loads of different rooms with a pleasant environment;
- High-end staff and accommodation;
- New equipment for rooms;
- TV, music and other entertainments;
- Lifts, helpful employee and 24-hour room service;
- Taxi and transportation between the airport;
- Buffet, where you can find different delicious dishes, healthy and fresh drinks, hot black and green tea or coffee, various fruits and fruit salads.
- First-aid and medicine;
- Qualified staff that can speak a different language.

Hotels near Brisbane Airport

There are some great hotels located near the airport. Let's consider some of them:

Ø Novotel Brisbane Airport

It is a 4-star hotel. It is located close to the Skygate mall. The hotel offers an affordable shuttle service.

Ø ibis budget Brisbane Airport

This hotel is located close to the Pullman hotel. It operates near the Brisbane airport. The hotel has 3 stars and high-end service.

Ø Pullman Brisbane Airport

This hotel is located close to the ibis hotel and beside the airport. It is a five-star hotel that is not as affordable as the ibis one, but it offers more facilities.

Ø Link Portside Wharf Apartment Hotel

Motels and other Accommodation that is located close to the Brisbane Airport

There are also some motels that can attract people to stay there:

Ø Novena Palms motel

The motel is not located too far from the airport. It offers a great environment for relaxing, comfortable seats and well equipped rooms.

Ø Comfort Inn & Apartments Northgate Airport Motel

It is a four-star motel with affordable prices, great helpful and sociable staff. It offers luxurious rooms and great equipment.

Ø The Queensport Tavern and Motel

Very comfortable and affordable motel. It is also a four-star building with high-end qualified staff.

Ø Comfort Inn & Apartments Northgate Airport

It is a great apartment for people who like a peaceful and relaxing environment. It has well-equipped rooms and a pleasant atmosphere.

Brisbane International Terminal

This is the second, less popular Terminal than the Domestic one, but it is also in good demand. The Terminal obviously is one of the most important parts of the BNE Airport. This terminal sends loads of people that use the Brisbane airport airlines. The airport Terminal is one of the popular destinations for tourists from all over the world.

The building of the Terminal I and the Brisbane Airport gates

The Terminal itself was built in 1995. The International Terminal has 14 bays with aerobridges. There are more than 20 plane parking slots. Four of the jet bridges can be capable of handling a famous large plane A380s. The Terminal has four levels which will be considered below. The Emirates lounge enables people to access the air bridges of the A380s. Also there are more different airlines that offer people different flights. The airline lounges are located in the International Terminal.

About the levels of the International Terminal

Ø First Level

This level is a place where most of the baggage handlers and airline officers are. First level is for the airport staff and some other services. The level is split into some of the airline lounges. They operate there, making the flights safe and secured, and offer other services. The airlines offer loads of different great facilities for their passengers.

Ø Level 2

This floor offers a lot of different services for passengers, like all the other levels. The main feature is that there is the greatest variety of food and drinks shops. You can find here:

- Cafes, restaurants, fast foods and sushi bars;
- Gadget stores;
- Clothing and accessories stores;
- Snacks and buffet;
- Different lounges for passengers;
- Showers etc.

Ø Level 3

Here the number of different services does not decrease, but only the variety changes. It can be named the "stores level". There are also many nice places to eat, relax or go shopping. Let's consider some common features offered by the airport:

- Duty Free stores;
- Currency exchange;
- ATMs;
- Retail stores;
- Eating areas with fast foods, pizzerias and others;
- First aid and medicine;
- The airport or airline officers.

Ø Level 4

This level makes visitors able to use check-in. Visitors can find Skygate top service or the passenger pick-up area there. In addition to check-in and other facilities, there are also located:

- Information counters;
- ATMs;
- Currency exchange;
- Retail concessions;
- VIP Lounges;
- Baggage wrap;
- Other check-in and airline services.

How to get to the Brisbane International Terminal

The Terminal has car rental services nearby and some parking lots. In addition, a huge Skygate mall is not located too far from Terminal I. The Terminal and Brisbane Airport itself work annually around the clock. Let's consider some common ways to get the Terminal:

- **Bus**

It is very popular and definitely it is the most affordable way to get to the Terminal. The Brisbane buses come frequently. There are loads of different routes that go through the Brisbane Airport location. They can take you from different bus stops that are located close to the airport. There is a route that goes from the Skywalk Mall to both the International and the Domestic Terminals. And also there are some routes that go between the Terminals.

· **Train**

It is a great way to get to the airport. It frequently comes there by the air track that gives people some spectacular views to the Brisbane city and to the eponymous airport. It has some services inside the train, affordable prices, high-end staff that helps anywhere and anytime and comfortable seats with exciting views on the side.

· **Taxi**

It is one of the fastest ways to arrive at the airport. It cannot boast affordable prices but it is popular among the visitors of the airport. It is comfortable transport that takes to approximately any location of the Brisbane Airport.

Lounges and services of the Brisbane International Terminal

There are loads of different airlines and lounges that operate in the Terminal I. Let`s consider some popular lounges and their facilities:

v Virgin Australia (International), My Lounge

It is great and one of the main airlines of the airport. It offers great service, comfortable seats and affordable prices.

v The Emirates Lounge

It is a comfortable lounge with high-end staff. It offers free and fast Wi-Fi, premium food and other different services.

v The Plaza Premium Lounge

It offers loads of services and a comfortable, attractive environment. Also there are some interesting entertainments.

v Air New Zealand Lounge

The airline sends people to the country, famous for the attractive, exciting environment and also for "The Lord of the Rings" films.

v Singapore Airlines, the SilverKris Lounge

The service of the lounge offers people loads of great premium food, drinks, cafes, sushi and others. Also there are showers and free, fast Wi-Fi.

Brisbane Airport Inter-Terminal Transportation

There are some different ways to travel between International and Domestic Terminals of BNE airport. Excluding a usual traveling on foot there are three common ways to move between the Terminals. Let's consider all the ways.

Inter-Terminal Bus Transfer in Brisbane Airport

It is one of the most popular and affordable ways to do Inter-Terminal transportation. Buses of Brisbane Airport offer comfortable seats, air-conditioning, clear bus interior and permanent cleaning service. The ticket fare is \$4.90. There is also Go Card service with its opportunities.

Airtrain transportation from Domestic to International Terminals

This is the most interesting way to travel between the Terminals. The railway track is located above highways and taxi rank. The transportation service offers great beautiful views, comfortable seats and Go Card facilities. Airtrain fare is \$5 and time of transfer takes about five minutes.

Airpark transfer services between Domestic and International Terminals

The last way is an Airpark bus service. It has the same with Inter-Terminal transfer bus facilities. Airpark buses go between International and Domestic Terminals and also go through Airpark. Also there is a similar bus service that goes through Skygate mall. The bus frequency is high. Usually it takes about 15 minutes in peak hour. In case of time between 11:00 p.m. and 3:00 a.m. the run frequency takes approximately 30 minutes.

Lounges of Brisbane Airport

Brisbane is a great and known throughout the world city which has its own eponymous airport. It works with some other companies and airlines. Some of them operate in different Brisbane airport locations. They offer lounges, special services and more pleasant options. Also, if any visitor has not booked the lounge, he or she can get to My Lounge service or Plaza Premium Lounge and get the access. The individual will have to pay for entry. They both are located in the International Terminal. According to all the visitors' feedback, lounges are the best place to rest and relax before any flight.

Brisbane Airport Lounge Services and Options

There are loads of different airlines in the airport. They offer various different facilities. Sometimes they are different, but it is not hard to highlight the most common of them. Lounges are considered the best place to wait for the flight. Let's consider what services the airport lounges provide customers:

- Unlimited free snacks or drinks;
- A great buffet with delicious food from different cuisines;
- Loads of selections of alcoholic drinks from popular wines or beers to high-end cognac or whiskey;
- Comfortable seats with a pleasant environment and temperature;
- High-end new equipment with a great service;
- Relaxing atmosphere that does not depend on the weather outside;
- Unlimited free and fast Wi-Fi access;
- TV, music and other entertainment;
- Shower services.

The International Brisbane Airport Lounges and their Features

There are loads of different lounges in the airport. They are offered by Australian and other airlines. Let's consider them from International to Domestic Terminals.

vInternational Airline Lounges in Brisbane Airport

Ø Qantas Club

It is a very popular and famous Australian company. It has three lounges in the airport building. One of them is located in the International Terminal. The entrance is behind the News Travels service. It has its own schedule. It is located in the level 3 of the Terminal. It offers a large food variety from hot and pleasant barista-made coffee to bubbles and ice-cold beers. The lounge room is equipped with high-end new equipment and attractive decorations. It ensures that the lounges are one of the best places for catching-up work or reconnecting online. Lounges provide visitors with free and fast Wi-Fi.

Ø Emirates Lounge

Dubai is a popular city all over the world. It is known for its luxurious modern buildings and high-end services. In the Emirates lounge everybody will obviously find a hassle-free and relaxing environment, attractive decorations and qualified employees. Also, it provides customers with great buffets and delicious unique dishes from high-end chefs. Also, there is a shower facility. The lounge is located on level 3.

Ø Lounge of Air New Zealand Airline

The first thing that strikes customers is a unique modern equipment and pleasant environment. It is known as a spacious and sleek lounge. The main features are business facilities, light refreshments, TV, magazines, showers and hair dryers. It can accommodate approximately 180 visitors. Usual food service is a bar and light refreshments. To sum up, it is a pleasant and relaxing lounge with unique luxurious design and great service. The lounge is located after immigration and security departure service, close to the escalator between 81 and 82 gates.

Ø My Lounge

One of the main features of this lounge is a per-per-use service. It offers a great pleasant accommodation, high-end employees, new equipment and various food services. The lounge food service provides consumers with Australian cocktails and wines, craft beers, buffet, snacks and unique dishes from different cuisines. Attending the lounge, keep in mind that there is a dress code. The airport lounge asks all customers to wear smart clothing. Also, My Lounge staff has a special dress that is necessary for work. The lounge offers a shower service. There is a smoking area facility.

Ø Plaza Premium Lounge

The famous and popular airline company offers a great accommodation in Brisbane airport. It welcomes visitors with a modern interior and new equipment. Everybody can find a great food variety there. There are vegetarian options, bar service, draught beer, food and beverage service.

Ø Lounge of Singapore Airlines (SilverKris)

It is a great lounge service which has a unique customized design. Singapore Airlines has four lounge services. The name of the lounge is SilverKris. It provides customers with a great accommodation and food service. There is a large variety of light snacks and warm food. SilverKris lounge is located on level 3, close to Gate 82.

v Domestic Airline Lounges in BNE Airport

Ø Qantas Club Domestic

There are two lounges in the Domestic Terminal. It has the same features as the International lounge. For example, it offers a food variety from hot and pleasant barista-made coffee to bubbles and ice-cold beers. The lounge room is equipped with high-end new equipment and attractive decorations. A large menu that has dishes which will be both healthy and delicious. You can find one of the lounges in Premium Entry which is close to Qantas Check-in Area, level 1. The second lounge is located on level 2 Near Gate 22.

Ø Virgin Australia Domestic lounge

It is a famous Australian airline. It offers high-end barista service, where you can order a fresh cup of coffee, loads of different elite alcohol drinks and a great food service with its own features. Everybody can find something entertaining and relaxing which will satisfy all years visitors there. The lounge is located Near Gate 40 on level 2. Also, there is the Premium lounge entry which is located on level 1.

BNE International Airport Parking

The great Australian airport offers loads of different car parking lots which are located nearby. They have their own features that are very useful and ensure consumer car safety. There are large parking lot locations with both one level and many floors.

According to different statistics, the approximate number of people who fly into Brisbane Airport annually is approximately 20 to 25 million. Also, the airport serves approximately 50 million customers every year. Loads of them travel by car, so it is important to have some parking lots close to both the International and the Domestic Terminals.

Parking services beside BNE Airport and their Prices

There are some different places where people can leave their cars in safety. Let's consider the parking services of Brisbane Airport.

v Short term parking in Brisbane International Airport

The ParkShort is a great parking option that provides customers with loads of different facilities. It can pick up or drop off anybody's family or friends. For cars which are large there is an over-height option. This parking service offers visitors to find a light-hearted place like any restaurant or cafe inside the airport and say a proper goodbye. It serves people around the clock and provides their cars with great security services. One of the best advantages is a location that is close to Terminals. It will be available in any of the AIRPARK parking lots. If the visitor wants to get there, it will take about 5 minutes.

Consider the main prices for this service:

- Up to half an hour will charge \$11;
- From 1 to 2 hours it will cost \$26;
- From 3 to 4 hours of parking will cost \$32;
- The last offer is from 4 to 24 hours which will charge \$59;
- Also, there is a useful option that will get you an additional day for \$55.

v Long term Brisbane Airport parking

The ParkLong is the second option of the airport. It provides a high-end qualified security and a large amount of cameras and other items that ensure a consumer car safety. It also offers some more facilities to all the visitors. There is a

booking service option which will help to get a place. Do not worry about the size of the car. There is an over-height option for all customers. Vehicles will stay in any of the AIRPARK parking lot services. Also, there is a shuttle bus service that gets people to the airport building from there.

Also, let's consider main prices of long term parking service:

- First offer is from 4 to 24 hours which will charge \$63. It is the same as the last short term facility, but it has a small difference of \$5;
- Up to 2 days will charge \$84;
- Up to 5 days will cost \$146;
- The full week offer charges \$170;
- 10 – days offer will cost \$206;
- The last offer is up to 13 days will charge \$245;
- It is important to know that there is an additional day service. It will charge \$13 for each additional day,

v AIRPARK Brisbane Airport service

There are two open-air parking lots which are located close to the airport. Both of them offer different services. They are convenient options for parking near Brisbane airport. It is considered one of the best places for long-term parking. There is a free shuttle bus that goes to both the International and the Domestic Terminals. The bus frequency is about 10 minutes. But it reduces after 00:30 p.m.

v ParkPremium

It is a premium parking lot service, providing special facilities for consumers. First of all, ParkPremium is one of the closest parking lots to the airport. It is located beside the Domestic Terminal that allows people to get there by skywalk. It is a long term parking slot service. The prices are a little higher than usual, but it is covered by premium service. Let's consider ParkPremium service offers charges:

- The shortest offer is from 4 to 24 hours. It charges \$99;
- Offer up 2 days will cost \$135;
- Up to 5 days will charge \$189;
- Offer for the full week charges \$229;

- 10 – days offer will cost \$289;
- The last offer is up to full two weeks will charge \$369;
- Keep in mind that ParkPremium provides an additional day service. It will cost \$20 for each day.

√ **Park&Fly**

The new car parking solution which provides a quick, hassle-free and convenient parking experience. It offers only an online booking service, so anybody will not get any misunderstanding with car parking slots. It provides a great security service for all consumers. Park&Fly service is available from 4 a.m. to Midnight only.

Let's consider some main prices of Park&Fly parking service:

- First, 4-24 hours will charge 99\$;
- Up to 2 days will cost \$125;
- 5 days offer charges \$179;
- The full week and 8 days offer will cost \$219 and \$239 respectively;
- Each additional day will charge \$12.

√ **Guaranteed Space**

It is an online car parking service that has some pleasant and convenient features. First of all, it offers guaranteed undercover and exclusive parking slots for every consumer. It is not the cheapest service but it is also affordable to everyone. Most of all prices are similar to ParkPremium parking lot service.

√ **ParkValet**

It is a great service with very helpful and pleasant options. ParkValet provides people with a free transportation service. It offers customers a premium parking experience. Prices are similar to ParkPremium.

Let's consider the prices:

- First day will charge 109\$;
- Up to 2 days will cost \$129;
- 5 days offer charges \$175;
- The full week will cost \$215;

- The 14 days will cost \$305;
- Each additional day will charge \$15.

Brisbane Domestic Airport parking map

Most of the parking lot services are located close to the Domestic Terminal. Two main AIRPARKs are not so close to the airport. There is a shuttle bus service that is very frequent. Also, there is one parking for the staff that is not available for visitors.

Restaurants, cafe bars and fast food services of Brisbane Airport

There are loads of different food services where everyone can eat and relax. In the airport you can find various cafes, pizzerias, sushi services and other food stores. They usually offer a great variety of dishes which are affordable and available there. Also, one of the most important things about food service is that all the airport staff are high-end and qualified employees, who complies with sanitary and hygienic standards during the work.

Food services in Brisbane Airport

In the building all the food and drinks stores are widespread. The food services are affordable and have unique offers. Let's consider some popular kinds of food services in Brisbane airport:

Taxi of Brisbane Airport

Taxi is not always the most affordable way to get somewhere, but it has some distinctive advantages. For example, a taxi cab can take passengers approximately everywhere. The destination point and the route length will depend only on money and road. One of the greatest things about taxi is sociable drivers who can keep the conversation going and talk about almost everything. Taxi services operate around the clock. If a customer has any difficulty with looking for taxi rank, he or she can contact the Kerbside Officers who will help him or her.

Cabs of Brisbane Airport

There are two official taxi companies which operate in both the International Terminal and the Domestic Terminal. They offer different classes that differ by their services. First let's consider the taxi companies of Brisbane airport:

Ø 13 Cabs

The company offers fast and careful service that will take every passenger in time. Usually the company uses Toyota cars like Toyota Camry and some others. Also 13 Cabs offers some kinds of passenger vans for customers who have different purposes.

Ø Black & White Cabs

This taxi firm has the same facilities as the previous one. It is a more popular company than the first one, but the level of the staff and servicing is approximately at the same high-end level.

Taxi car classes and types

Usually people have different targets and purposes for traveling, therefore there are different classes of taxi. All the classes have both high-end qualified employees and a great service. But there are some differences that have to be considered:

- **A common cab**

It is a common taxi with usual fare and great equipment. The both 13 Cabs and Black & White cabs use very popular and reliable cars like Toyota Camry, Chevrolet Lacetti and others. It offers air conditioning, sociable drivers and comfortable seats.

- **SUV (Sport Utility vehicle)**

It is a very comfortable and interesting transport for everybody. It offers great and very comfortable seats, beautiful views and very pleasant and soft suspension. Also this class of taxi usually is a bit faster than others, but all the drivers are qualified and careful, which ensures enjoyable travel for people who use this transport.

- **Maxi cab**

This taxi is for groups of people that cannot fit in a common taxi vehicle. There can be approximately 10 persons inside. It offers great accommodation inside, large luggage storage, air conditioning and comfortable seats. Usually it is a Toyota Hiace that is converted and equipped for a taxi service.

- **Silver Service**

It is not the usual cab. It has loads of the same facilities as a common taxi, but there are some small differences. It offers silver luxurious cars with experienced drivers. Usually it is not as affordable as the common taxi.

- **Business class**

This class offers the best of all previous classes' service. It has the newest equipment and different interesting car models.

Services of BNE Airport Taxi

There are some facilities that are the same with every taxi company in Brisbane airport. let's consider them:

- Comfortable seats and pleasant salon;
- Communicative and qualified drivers that will not get the passengers bored;
- Equipment that ensures safe travel;
- Distance and fare tracker due to which ensure fair fare.

Taxi from Brisbane Airport Taxi Rank to the eponymous city

The first taxi rank is located close to the Domestic Terminal, under Skywalk. The second one is in front of the International Terminal. There are Kerbside Officers who help people with taking a taxi. Usually every taxi can get the passengers to downtown Brisbane for approximately 20 minutes.

Terminals of the Brisbane Airport

The airport, located in the eponymous city, offers two terminals: Domestic and International. They deal with sending and tracking planes to the appropriate directions. Most people use the Domestic Terminal, although the International Terminal is also very popular among people who want to visit other countries.

Each of the Terminals offers the following services and facilities:

- Lounges from loads of different airlines. Usually, their facilities and offers depend on ticket class;
- High-end qualified staff which can help every visitor anytime;
- Restaurants, cafes, sushi, bars and fast foods;
- Comfortable seats for the people who wait their flight;
- Schedule boards to track the plane and not to be late for the flight;
- Loads of ways to arrive the International Airport in time or get to it from different places.

BNE Airport International Terminal

This Terminal deals with flights to various countries and loads of popular cities of the world, such as: Dubai, Singapore, Taipei, Los Angeles, Hong Kong and some others. The entire network of the International Terminal consists of more than twenty different airports around the world. The most popular routes are: Changi Airport (Singapore), Auckland and world famous UAE city Dubai. According to 2019 estimates, the most popular departures from the International Brisbane Airport to other countries are to North-East or South-East Asia. If you count it together, it is more than 50%. But the rest of all people who fly to Europe are less than 1%.

Domestic Terminal of the Brisbane Airport

It is a huge building that takes up most of the airport. The Domestic Terminal serves Qantas and QantasLink to the north and Virgin Blue to the south, while other carriers such as Jetstar are served centrally in the common area. The Terminal has three lounges: Business Class, Chairman's Lounge, and the very popular Qantas Club.

Developing of the Domestic Terminal and becoming it as Brisbane Airport New Terminal

It was decided to expand and improve this Terminal. The whole idea was to increase the number of operating aircraft. From the side where the planes will be able to receive passengers, it will look like “U” that will be parallel to the runways and go around the Domestic Terminal and some car rentals that are closely located. The train track will also be improved at the airport. It will be looped and will increase the number of people transported between the terminals.

People transporting between the Terminals

Since the area of the airport is not small, it provides interesting and convenient ways to travel between Terminals.

ü Skygate, AIRPARK and Terminal transfer buses

The airport offers three types of buses that have an affordable fare and comfortable seats.

- The Skygate one transports people from the eponymous mall to some of the airport locations. Works around the clock.
- The AIRPARK bus takes people from parking to the Terminals. Works around the clock too.
- Terminal transfer bus runs between the Terminals every 15 minutes. It is available from 4:00 a.m. to 1:30 a.m.

ü Airtran of Brisbane Airport

The train runs every day. The schedule varies slightly depending on the day, but generally remains the same. Trains go every 15 minutes during rush hour. When it is off-peak time it goes with a frequency of thirty minutes. The trains offer their transportation for \$5 fare.

Location of the Terminals of BNE Airport

Terminals occupy not a small part of the entire airport. They are between the runways and close enough to Moreton Bay, which is directly part of the Pacific Ocean. The airport itself is surrounded by many parking lots and car rental services. In addition, a huge Skygate mall is located a 15-minute drive from the airport. Fisherman Island is located very close to the airport. The area is a port for cargo ships.

The Domestic Terminal is bigger both in passenger number and in size than the International one. Since the location is large, it requires the ability to navigate and understand where to go in the both Terminals. But fortunately, no one will have

problems with this, as high-end qualified staff will help every visitor anytime. Also do not forget about loads of online schedules in the airport.

Common facilities and features of the Terminals of BNE Airport

Both of the Terminals offer loads of different services. The most popular features are provided by Brisbane Airport. But various of them are offered by the airlines of the Brisbane Airport. Here only a few from a long list of services:

- Restaurants, café, fast foods and sushi;
- Duty Free;
- Accessories and cloth shops;
- The airport offers storing the baggage;
- Currency exchange;
- Luggage transporting;
- Loads of different ATMs;
- Charging and water stations;
- Vending machines;
- Areas for smoking;
- Showers;
- Postal services;
- Telephones.

Transfers of Brisbane Airport

One of the most helpful and convenient services are transfers from the airport. It offers some ways to get to other places. Usually it is done by usual buses or shuttle buses.

Airport transfers to Brisbane City and hotels

The first service that will be considered is transfers to different points of the city. There are three popular routes through Brisbane and the eponymous airport.

- AIRPARK bus transfer service. It offers a route which passes through the parking lot. The frequency is about 10 minutes. It can be reduced at night.
- Skygate mall loop service. It is a popular place to visit. The mall has loads of different facilities like stores, fast foods, cafes, restaurants, drugstores and the others. The bus frequency changes from 5 to 20 minutes.
- Terminal transfer service. It is an Inter-Terminal bus which goes between International and Domestic Terminals. It offers a 15-minute frequency.

Transfer from Brisbane Airport to Gold Coast Airport

One of the best transfer companies in Australia is Con-x-ion. It is considered as high-end, with a large experience in transporting customers, company. Con-x-ion offers a hassle-free trip to Gold Coast, the place with a pleasant summer environment.

Transfer from Noosa

There is the same Con-x-ion transportation company that has over 20 years of experience in operating and providing friendly and reliable service. It is the main and popular transfer service which offers trips to and from Noosa. Its common benefits are affordable prices, great and helpful employees, comfortable seats and qualified drivers.

Transport of Brisbane Airport

Location of the airport is sufficiently large. There are loads of different ways to travel anywhere from or to the airport. Let's consider the most common transports that people usually use:

Ø Buses of BNE Airport

It is one of the most affordable ways to travel that offers comfortable seats and air conditioning. There are three types of buses of the BNE airport:

- **Transportation for public**

It is a common bus service with routes going through the Skygate Centre. You can buy tickets inside the bus. The fare is \$3-5 and it changes depending on time or some other factors like time of day, go card or paper ticket.

- **Inter Terminal transportation**

There are two routes that will take visitors to any of the Brisbane airport Terminals. People can choose the AIRPARK transfer bus that goes from the eponymous parking lot to the Terminals. On the other hand, they can choose the Terminal transfer bus that goes only between the Terminals.

- **Shuttle service**

It is a service that offers people transportation from the airport to various locations of Brisbane like Sunshine Coast and Gold Coast. Or it can take people to the airport from other locations. It is important to consider that it is a one-way ticket to any location.

Ø Taxi

It is popular but not as affordable as buses, for example. It can take travelers from anywhere and also drive them to their destination point. There are different types of taxi cars from cheap to expensive.

Two official companies operate in Brisbane airport. The fares are usually the same. Also keep in mind that there is a \$4:

- First is 13 cabs. It offers fast and careful drivers that will take you in time. Usually the company uses Toyota cars like Toyota Camry and others. Also the company offers some kinds of passenger van.

- Black & White Cabs has the same facilities as the previous one. It is a more popular company than the first one, but the level of the staff and servicing is almost equally good.

Ø Car rental

There are loads of different companies that offer consumers different cars for different purposes. The companies` offices are located in both Terminals of the BNE airport. The range of the cars is usually large. Let's consider some of the companies:

- Europcar is a subsidiary French car rental company. It offers a wide range of different car brands. The company is located in both Terminals. It operates every day from 6:30 a.m. to 10:00 p.m.
- Hertz is a popular all over the world US car rental company. There is an office in Domestic Terminal and one more close to AIRPARK.
- Thrifty is a subsidiary of the previous firm. It is an American car rental agency. Thrifty is located in Domestic and International Terminals and also near AIRPARK.

Ø Airtrain

It is one of the most interesting ways to arrive at Brisbane airport. It frequently comes there by the air track that gives people some spectacular views to the city and to the eponymous airport. It has high-end staff that helps anywhere and anytime, affordable prices, some other services inside the train and comfortable seats with exciting views on the side. It also can be used for inter Terminal transferring.

If somebody cannot get to the station, he or she has to go to any of the Terminals. If the person is in the Domestic Terminal, he or she can find the station in front of it. But if the individual is in the International Terminal, the person needs to take the elevator to Level 3 and then only follow the airport signs.

The fares differ depending on destination. The adult fare is \$19 if he or she chose a one-way ticket. The round trip will charge \$37 from visitors.

Air Niugini Brisbane Airport

The national Papua New Guinea airline which is headquartered in Port Moresby. This is one of the most popular Brisbane airport airlines which operates in the International Terminal. Air Niugini offers more than 25 different flight destinations from the airport. The airline company provides customers with loads of different interesting flights abroad. Usually flights from BNE airport to Port Moresby are in demand. Also there are various other flights which are offered by Air Niugini. Most of the flights, about 60 percent, are with the PNG government. An Australian airline group Ansett, famous and popular airline Qantas and also Trans Australia Airlines are the remaining 40% of the holding.

Departures of Air Niugini

This airline codeshare with Brisbane International Terminal because of the absence of its own Terminal. Also, Air Niugini works with Qantas and Trans Australia Airlines.

One of the most common flights is Port Moresby. It is available in the International Terminal. That is the most popular and approximately one flight the visitor can book.

Air Niugini Arrivals in BNE Airport

Keep in mind that this company codeshare with Brisbane Domestic Terminal if it is a domestic flight. In the case of the international one, the airline uses the International Terminal. Also, Air Niugini works with Qantas and some other airlines. There are two common flights which are available, let's consider them:

- **Melbourne**

There is a primary airport serving in the eponymous city. Also, the airport is known as Tullamarine airport. The company offers a great service and pleasant atmosphere during every flight.

- **Port Moresby**

This International airport works with Air Niugini. The airline provides customers with loads of different services and facilities which are available during any Air Niugini flight.

The Airline in Brisbane City

Air Niugini office is located in Brisbane business district. It is close to Post Office Square and near bus stop 27, Adelaide Street. It is easy to get there by bus

and it is also the most affordable way. Also if someone wants to travel in a luxurious and comfortable vehicle he or she can take a taxi cab and get there. Also there are shuttle bus options in the city. Full office address is Level 3/97 Creek St, Brisbane QLD 4000.

Services and Facilities of Air Niugini in Brisbane Airport

The airline provides their customers and passengers with loads of different services which are available during the flight. First of all, this airline company is affordable according to passengers' feedback. The airline offers two classes: business and economy. Also, it works with one of the most popular airline companies Qantas. These airlines have various positive and happy feedback. Let's consider some of the Air Niugini services that are available for all the passengers:

- Booking services with round-the-clock support which will help everyone;
- High-end qualified staff and experienced pilots that ensures the passengers safety;
- Affordable prices and pleasant options;
- Wi-Fi access during the flight;
- Food and drink services;
- Qantas lounge and its services;
- Reliable storage of passengers' baggage;
- Comfortable seats and pleasant atmosphere during the whole flight;
- Duty-free shops which operate on international flights. The catalog of the shops is in the pocket of each passenger seat inside the aircraft.
- TV, music, films and other options.

About the Airline and its history

Air Niugini launched its first international flight on February 6, 1976 on a Boeing 720. It was replaced by a regular flight of the Australian famous airline Qantas on a Boeing 707 the following year. During the second half of the 1970s, the airline operated only in the domestic air transportation market, using Fokker F28 jets

and Fokker F27 turboprops. In 1984, the airline replaced two Boeing 707 with modern Airbus A300s, leased from Trans Australia Airlines. The airline acquired its first long-haul Boeing 767 which replaced Airbus aircraft on international scheduled flights in August 2002. At the end of the same year, Air Niugini entered into a codeshare agreement with Qantas. According to the contract, Qantas buys blocks of passenger seats on Air Niugini flights between Jackson International Airport and airports in Australia.

Alliance Airlines Brisbane Airport

It is a famous and popular Australian domestic airline company which is headquartered in Brisbane. It is not a very old company. Alliance Airlines airline was founded in April 2002, but it has loads of experience with flights. It offers more than 45 different destinations. Also, there are some operational bases in Cairns, Perth, Melbourne, Adelaide, Darwin and Townsville. The airline fleet size is 64. Most of the aircraft are Fokker 70 and 100. Also, Embraer 190 is operated by the airline.

Departures of Alliance Airlines

Since the airline company does not have its own Terminal to make flights, it codeshares with the Brisbane Domestic Terminal. It makes their flights successful. As mentioned above, there are more than 45 destinations which are offered by this airline. But there are not so many departures from Brisbane Airport. Let's consider them:

- **Groote Eylandt**

It is one of the largest islands in Australia. It is famous for its beautiful fauna and pleasant summer environment. There are loads of accommodations located close to Groote Eylandt airport. You can easily find some summer entertainment and facilities there.

- **Moranbah**

It is easy to find a great and hot climate here. Everyone can find various high-end hotels which are located there. It is a hot and great place to attend the Australian summer entertainment.

- **Weipa**

This eponymous airport is located close to Staaten River National Park. There are loads of great places where everybody can get rest from all hassles, enjoy the great summer weather and admire some beautiful landscapes of Australia.

- **The Granites**

This departure is done via Alliance Airlines. The Granites airport is located in Northern Australia.

Alliance Airlines Arrivals to Brisbane Airport

Take into consideration that this company does not have its own Terminal to make flights, so it codeshares with the International Terminal of BNE airport. There are some more flights available by the airline. Consider them:

- **Roma (Australia)**

It is a hot town in Queensland. It is located approximately 300 kilometers from Brisbane and Sunshine Coast.

- **Emerald**

The eponymous airport is located in Queensland. The nearest city from here is Rockhampton. Also, it is located approximately 280 kilometers from the famous Coral Sea.

- **Moranbah**

It is a hot place with loads of summer entertainment. Everybody can spend a great summer holiday there.

Services and Facilities of Alliance Airlines in BNE Airport

This airline provides their customers and passengers with various different services which are available for all the passengers. One of the greatest advantages of Alliance Airlines is great helpful staff and employees, according to its feedback. There are economy and business classes which are available for all customers. Let's consider some of the Alliance Airlines services that are available for all the passengers:

- Booking services with round-the-clock support which will be very helpful for everybody;
- High-end qualified staff and experienced pilots that ensures the passengers safety;
- Affordable prices and helpful pleasant options;
- Wi-Fi facilities that are available while the flight;
- Food and drink services;
- Reliable storage of passengers' baggage;
- New equipment and servicing the aircraft;

- Comfortable seats and pleasant atmosphere during the whole flight; Inflight magazines which are located in lounges and aircraft. They have city guides, travel inspirations and adventure destinations with guides and maps to different attractive places that people like to visit;
- TV, music, films and other options.

Brisbane Airport China Airlines

It is a famous and popular Taiwan airline company. China Airlines offers loads of different flights and destinations abroad in BNE airport. It can boast a great experience because it was founded in December 1959. The company has been serving scheduled and charter flights to mainland China since July 2008. Most of the flights in this market segment are made in Shanghai, Guangzhou and Beijing. The company has a good aircraft variety. There are some Airbus aircrafts like Airbus A330-300 and Airbus A350 and Boeings, such as Boeing 737-800, 747 and 777. Also, the airline codeshares with more than 20 airline companies, including Qantas.

Departures of China Airlines

Because the Taiwan airline company does not have its own Terminal to make flights, it codeshares with the Brisbane International Terminal airlines. There are some usual flights which are available in Brisbane airport. Let's consider them:

- **Auckland Airport**

It is an International airport which is located in the eponymous city in New Zealand. There you will find a pleasant atmosphere with comfortable lounge services. Also, it is one of the most popular airports in Australia.

- **Canberra**

The capital of Australia has calm and pleasant weather during the whole year. Also, there are loads of interesting sights.

- **Adelaide**

This great city is located in a picturesque area on the shores of the Indian Ocean. There is Australian third largest island Kangaroo Island that is a wildlife sanctuary with a colony of sea lions and a good fishing coastline which attracts tourists to Adelaide.

Services and facilities of Jetstar Airways

The airline company provides their passengers and customers with loads of different services which are available for all the passengers. One of the greatest advantages of Jetstar Airways is great experience in aircraft. There are two classes which are available for customers: Business and Economy class. There you can also find helpful staff and employees, according to happy feedback. Let's consider some of the Jetstar Airways services that are available for all the passengers:

- Booking services with round-the-clock support which will be very helpful for everybody;
- Affordable prices and helpful pleasant options;
- High-end qualified staff and experienced pilots that ensures the passengers safety;
- Great and frequent sales on flights;
- Food and drink services;
- Reliable storage of passengers' baggage;
- Online management platform that helps people to make their flight successful;
- New equipment and servicing the aircraft;
- Comfortable seats and pleasant atmosphere during the whole flight;
- Wi-Fi facilities that are available while the flight;

- TV, music, films and other options.
