Lesson 5

Read the text, then do true/false exercise

New York City is the biggest city in the United States. About 8 million people live there. It is a **big** and **beautiful** place with people from many countries. More than 600 languages are spoken in the city!

Many people know about Times Square and the Statue of Liberty. But there are also some **small**, interesting places that many people don't know. For example, in Manhattan, there is a **small** park called Greenacre Park. It has a waterfall and trees. Many **tired** workers go there to eat lunch. The sound of the water helps people feel **happy** and calm.

You can also walk on the Brooklyn Bridge. It is very big and beautiful. Many people say it is their **favourite** place in New York. Some people think it is easy to walk across, but for others, it feels **difficult** because it is long!

On Fifth Avenue, there are many new and old shops. Some are **small**, and some are very **big**. People like to buy clothes, books, and gifts there.

New York also has a very **old** subway train from 1904. Sometimes it still runs! Riding it feels like going back in time. Many **young** and old people try to ride it.

The weather in New York can be **hot** in the summer and very **cold** in the winter. Life in the city can be easy or **difficult**. There are **good** days and **bad** days.

But many people love the city. It is full of **friendly** people, new ideas, and exciting things to see and do. Some people feel sad when they leave. Others feel **happy** when they come back.

New York is not just a city — it is a place of stories, people, and surprises.
