Concept interiors

# About me

Interior designer & 3D visualizer.  
Create functional, modern and  
timeless interior concepts with a  
focus on comfort.  
Open for freelance projects.  
Based in Ukraine.

## Modern Kitchen-Dining Space

Interior Design Concept

Area: ~50 m<sup>2</sup>  
Software: Homestyler

Open-plan kitchen and dining area designed in warm neutral tones. Natural wood textures and soft lighting create a balanced and cozy atmosphere.

## Contemporary Bedroom

Interior Design Concept

Area: ~65 m<sup>2</sup>  
Software: Homestyler

Contemporary dark bedroom interior focused on depth, contrast and atmosphere. Layered lighting and natural textures create a refined and intimate space.

## **Refined Open-Plan Kitchen and Living Space** Interior Design Concept

Area: ~85 m<sup>2</sup>  
Software: Homestyler

Contemporary kitchen–living area designed in deep neutral tones. Contrasting materials and soft ambient lighting create a sophisticated and balanced environment.

# Services
