How to Play Wordle

Published on May 15, 2024

Welcome to Wordle! It's a fun and engaging word puzzle game. Here's how you can join in the fun and master the game.

Objective

Your goal is to guess the secret five-letter word within six attempts. Each guess must be a valid five-letter word.

How to Play

Here's how you can play:

Make a Guess: Enter any five-letter word you can think of.

Get Feedback: After each guess, you'll see colored feedback on the letters:

Green: The letter is in the correct position.

Yellow: The letter is in the word but in the wrong position.

Gray: The letter is not in the word at all.

Refine Your Guesses: Use the feedback to adjust your next guess. Keep the green letters in place, shuffle the yellow ones around, and avoid the gray ones.

Repeat: Keep guessing based on the feedback until you crack the code or use up all your attempts.

Tips

Here are some tips to help you out:

Start with Common Letters: Words with common vowels and consonants can give you good clues right away.

Eliminate Possibilities: Use the gray letters to rule out possibilities and narrow down your choices.

Feedback: T (green), R (gray), A (yellow), C (gray), E (green)

Based on this, you might guess "TABLE" next, and so on.
