# Terminals

## Terminals at IAH Airport

Since it is an international airport, there are loads of different amenities and services for all arriving or departing passengers. There are five large Terminals which can boast a great experience, high-end equipment and qualified staff that operate there. It is easy to talk about each Terminal in some paragraphs. Consider all the next ones.

### Bush Intercontinental Airport Levels and Map of Domestic and International Terminals

To begin with, it is easy to distinguish each level's targets, facilities and services, because all of them are mostly the same. Let's take into account them:

#### ❖ LL Level

It is the level that has the main target to make a convenient connection between all the Houston airport Terminals by the Subway TerminalLink. It is a great and convenient shuttle service that enables everyone to move fast in the airport buildings. The frequency of the transport is considered about three minutes and the whole way from the furthest Terminals to each other usually takes about 18 minutes.

#### ❖ Level 1

The primary goal of this level is to provide as many services and facilities as possible to all arriving travellers. High-end experienced staff operate there to make all the customers satisfied. A baggage claim area is usually located there. Also, there are exits to car parks that are located beside Terminals.

#### ❖ Level 2

This is the level where all the departing passengers are going to fly can wait for their aircraft in a relaxing ambience and calming environment. There is a large variety of famous companies' stores, different shops with souvenirs and clothes, outlets with electronics as well as various cafes, restaurants and fast foods. Terminals C and D also provide visitors with Chapels that are located close to Gates C29, C33 and D7 respectively. Also, there is a connection between Terminal D as well as a connection between Concourse C continues through Gates 10 B and A.

#### ❖ Level 3

One of the most pleasant and popular facilities which is available on Level 3 is Skyway transportation service. Everyone can easily move from Terminal E to any other Terminals of the airport, sitting in the rail shuttle that moves there. It also allows everyone the beautiful views to the whole airport and runways from the large windows.

## Houston Airport Lounge services and United lounges

Despite the fact that the number of the lounges at Houston airport is large, most of them can provide approximately the same services and amenities. They usually differ in prices and environment. Let's consider their main and common features:

- A huge bar with a variety of cocktails and spirit beverages such as brandy, tequila, and liquor;
- Snacks, buffet, and beverages are provided at no cost;
- VIP amenities which are provided by some VIP lounges;
- Comfortable seats as well as amazing views of the runway and aircraft from the windows;
- A huge bar with a variety of cocktails and spirit beverages such as brandy, tequila, and liquor;
- A large food and drink service where loads of unique delicious courses from experienced chefs are available;
- Helpful staff and welcoming atmosphere;
- Customers will not be bored because they have access to television and music there;
- Wi-Fi connectivity at high speeds in the leisure area.

## AH Airport Stores, Outlets, Food and Drink services

Since Houston airport is an international airport, various famous companies from all over the world operate there and provide their customers with different goods. Let's take into account all the stores as well as food and drink services of the airport:

- Shopping services
  - iStore is one of the most famous electronics companies in the world which provides various gadgets and devices which are in great demand.

# IAH TRANSPORT BETWEEN TERMINALS

## IAH Airport Inter-Terminal Transportation

Houston airport provides loads of pleasant and convenient services. There are various transportation facilities which help everyone to move between each Terminal at the airport area. All the five Terminals of the airport are connected by two railways: Subway and Skyway. The average speed of them is not very high, but it makes all people's movements much easier. Each of them is located in Level LL and in Level 3 at each Terminal respectively. Let's consider each of them in detail.

### IAH Airport Subway Transportation between Terminals

This great transportation service helps everyone to move between all the Terminals by rail track. It operates every day from 3:30 A.M. to 12:30 A.M. All the other times it is closed and is not available. The facility is located on LL level of the building, under each Terminal. The approximate frequency of trains coming is 3 minutes. There are loads of signs that help people to find the right way to the inter-terminal transportation service. Also, helpful and communicative staff can easily help you to find something in Houston airport.

The IAH Subway is almost as fast as the Skyway one, but it The whole trip from A to D/E Terminals will take about 20 minutes. One of the most pleasant features of the subway is a calming atmosphere, relaxing music and comfortable seats as well as a spacious environment.

### Skyway Service in Houston airport

There is a Houston Skyway service that operates at the eponymous airport, providing passengers with a comfortable and convenient way to travel between the airport Terminals. New technologies which are used to make the service operate ensure the safety of all the passengers, offering comfortable seats and a spacious environment. The transportation service operates round the clock every day and is free for everyone.

The facility is available on Level 3 of any of the Terminal. Since it is located outside the building, entry gates take place on the side of the building. Because of the location of the Skyway track it allows everyone to move at the airport without having to re-entry the security. All four Houston airport Skyway stations are located beside Terminals D/E, C, B, A. This service is a bit faster than the landed one. Skyway shuttle makes the trip from D/E Terminals to A in about 12 minutes.

# Hotels

## Hotels and Apartments of Houston Intercontinental Airport

As it befits all international airports, there are loads of places where all the tourists can relax and live for a while. All of the hotels, apartments and motels provide their clients and customers with a large variety of pleasant services and comfortable accommodation. There are various hotels: from cheap and affordable to famous and luxurious hotels which are available in Houston. Keep in mind that there are some hotels which offer transfer services. It can help to get to the necessary accommodation the easiest way.

### Luxurious and prominent Hotels in Houston city

The city provides everyone with loads of large, famous and luxurious hotels. There are various ways to get to any of them. Also, some of the hotels can offer a transfer from the airport. Let us consider the most popular hotels where people go from Houston airport:

- **Houston Airport Marriott**

This great 3-star hotel is located between two Terminals of the airport: B and C. The uniquely built hotel provides every customer with great welcoming services. There are loads of catering stores where everybody can enjoy delicious food. It also offers a great comfortable accommodation with a pleasant environment and various other facilities.

- **Holiday Inn Houston NE (Located at Bush Airport Area)**

This great 3-star hotel provides loads of great services and possibilities. Well-equipped rooms are available for everyone. The prices are also considered as affordable. The hotel building offers a parking lot beside. One of the most pleasant features of the building, beside the unique and luxurious environment, is a swimming pool which is located at the top of the hotel. Also, there are loads of restaurant services and catering offers at the hotel.

- **SpringHill Suites by Marriott**

A large 3-star hotel provides various different pleasant features as well as an experienced and welcoming staff. Large parking lot ensures every customer safety of their vehicles. Everyone can find: gym, swimming pool, restaurant, pub and some other catering

services there. All the rooms of the hotel can show off a high-end new stylish equipment that makes everyone excited.

## Cheap and affordable Hotels beside IAH Airport

It is easy to find some great hotels which offer great services, pleasant accommodation and can boast affordable prices. They are usually on demand like different popular hotels too. Let's consider the most prominent affordable hotels with great services:

- **Americas Best Value Inn & Suites**

It is one of the closest affordable hotels to IAH airport among the Americas BVI hotel chain. It provides loads of different usual and unique services and great accommodation. The main target of the hotel is to provide the most comfortable environment and various services at the lowest possible price.

- **Scottish Inns & Suites**

This small building provides very pleasant features, a unique and luxurious environment as well as high-end services and staff. There is a parking lot beside the hotel. The 2-star hotel provides everyone with well-equipped high-end rooms where everybody can relax from the long flight.

- **Country Inn & Suites by Radisson**

It is a great building that provides their clients with well-equipped rooms, welcoming staff and various other pleasant features. There are also: gym that helps everyone to be in shape, swimming pool and high-end dining room with comfortable seats. Also, some transfer services are available here.

# Transport

## Houston Airport Transportation

One of the main things which are in demand among most tourists is transportation. There are loads of different transfer companies and transport that helps everyone to arrive at their destination.

### Ground Transportation of George Bush Intercontinental Airport

Beside the public transport, there are some companies which provide their customers with some other travelling possibilities and features. Let's consider main kinds of special ground transportation:

- Car Rental Services

It is one of the best choices for people who want to explore the city by car. There are some rental car companies which operate in Houston and provide loads of different car brands and other vehicle types for their clients. Some famous car rental companies like Hertz, Enterprise and others are located close to the Houston airport building. Keep in mind that only people who have a driving licence are allowed to drive a car. Also, electric cars are available in approximately every car rental office.

- Transfer companies

There are also some transfer services which help their client to get to the necessary place at time. All the clients can choose any vehicle they want, depending on the company's offers. Also, there are various online services that help everyone to book necessary transportation.

### IAH Public Transportation from the Airport

As it was mentioned above, there are various different types of vehicles. Let's consider main transport which is in demand at Houston:

- Taxi

This kind of vehicle is usually considered as one of the best ways to explore the whole city, but it is not as affordable as some others. There are loads of different cars offered by taxi companies: from luxurious and fast to comfortable and affordable. There are loads of

taxi cabs waiting and looking for their customers close to Houston airport. Keep in mind that it is easy to book any taxi there using online services.

- Tram

It is one of the fastest kinds of transportation in the city. Houston provides everybody with three rail lines: Red, Purple, Green. All of them are located at the city centre. In spite of the fact that tram lines are not long, the main city places are located close to the tram station and there are some other ways to get to Houston outskirts.

- Bus and Shuttle Bus

To begin with, let's consider the common Houston city bus. There is a Houston Metro bus service which provides loads of frequent routes that take place approximately everywhere in Houston city. The 102 bus route takes people from IAH airport and goes Downtown. Also, there are some other kinds of transport which are located close to bus stations.

Now let us consider some information about shuttle buses of IAH airport. There is a vehicle which takes people to Terminals of Houston airport. Everybody can follow the "Ground Transportation" which helps to find the transport. Also, there are hotel transfer services which can be offered by hotel booking services or provided by other companies. There are some areas around Houston airport buildings where all the buses can pick people up.

## - Bus

### Bus services of Houston Airport

This kind of transport is one of the most affordable and comfortable ways to explore the city. Bus industry is well developed in Houston. There are more than 90 different bus routes which are located throughout the city. Houston buses provide all the passengers with comfortable seats, air cooling and conditioning options which are available during any trip and experienced staff that ensures safety of the journey. There are also some online and web services which help everyone to find the necessary route that will take him or her to the right destination. In addition, there are some mobile apps which are available for everyone and can boast a nice and comfortable design as well as happy feedback.

### Bus Fares and Station to or from Houston Airport

There is a 102 bus route which connects all Houston airport Terminals with the city centre and all the stops which are located between. Ticket for one trip for adult fares \$1.25 per person. The frequency is different but it usually takes about 20 - 30 minutes. This bus route operates from 5 A.M. to 1 A.M. and the approximate full travel time differs from 50 to 90 minutes.

## Houston Express Bus

It is a good bus transportation option that allows people to get closer to different outskirts of the city. Express bus has a smaller number of stops, longer bus lanes and it moves faster than most of the other buses. One of the most important things is that some of them take place at the Downtown which enables people to travel throughout the city more easily. Houston city can offer six main bus lanes. Let us consider all the Houston express bus lanes:

- IH 10 Katy Freeway

This route starts from Franklin St. that is located close to Houston Downtown and it goes straight to Grand Parkway. Also, some other buses can be found close to some Katy Freeway stops.

- IH 45 North and Gulf Freeways

The launching points from the city centre are Louisiana-Milam-Travis and Dowling respectively. The North lane goes straight to Cypresswood on the 45 interstate. The second, Gulf lane goes South of the Bay Area on the same 45 IH.

- US 290 Northwest Freeway

The starting point from Houston Downtown is IH-10 which is not located very close to the city centre. This route goes straight to Barker Cypress Rd. on the 290 highway.

- US 59 Eastex and Southwest Freeways

The launching points from the city centre are Jackson-N. Chenevert St. and Smith-Holman-Spur 527 respectively. The first, Eastex lane goes to Loop 494 and the second freeway goes straight to Grand Parkway on the same 59 highway.

## - Taxi

### Taxi Services in Houston City and Intercontinental Airport

It is one of the most comfortable ways to explore any city. These services can easily pick everybody up from approximately any point in Houston. Also, different taxi cab types are also available by some companies that enable people to choose the most comfortable transport. It is also not considered as one of the most affordable, but it can take everyone approximately everywhere.

Let's consider main benefits and advantages of the taxi transportation:

- All round the clock availability;
- It is easy to find free cab approximately everywhere in the city;
- Convenient location of taxi ranks and other parking lots, including beside Houston airport;
- Online booking services which enable to get a taxi before arriving at the airport;
- Pleasant features which are offered by some companies that provide taxi cabs for VIP passengers;
- Comfortable seats, air conditioning and pleasant environment of vehicles;
- Sociable and communicative cab drivers which can boast a great experience in taxi driving. Also, most of the staff can speak more than 2 languages which is a good feature for people who like to ask about the city sights.

## Taxi cab companies of IAH airport

There are loads of different taxi companies which provide their customers with great transportation services. Most of them usually can show off the same vehicles. Also, there are some luxurious options and cars which are available for VIP passengers or people who like to travel inside beautiful cars. Let us consider some prominent and popular taxi companies and their advantages:

- **Yellow Cab Houston**

It is a great taxi service that provides their vehicles around the clock. Their main target is to get their clients to the destination in time. The company drivers can boast a large experience in driving. All the cab vehicles are equipped with new accurate charge counters. Since Yellow Cab drivers are experienced and they know the city well, it is easy to make the shortest and quickest route to the destination. The current rates are \$2.75 for the first 300 metres and \$2.20 for each additional mile.

- **Airport Taxi Services**

Most of the cabs which are available close to IAH airport are located at taxi ranks and some other parking lots close to Terminals A, B, C and E of the airport. All the taxis offer a comfortable trip that will not charge a lot. The approximate time to get Houston Downtown from the airport is 40 minutes by this transport. The sociable and communicative drivers can help everybody with baggage. Also, there are loads of different online services which provide some booking offers for everybody.

- **OnCabs Houston**

It is a popular taxi service which is in demand in Houston. There are loads of vehicles which are trying to find passengers approximately everywhere. All the cabs operate around the clock and provide experienced drivers which know various ways how to get the destination the most conveniently. Some of the fares change according to the time. For example, some taxis charge \$1.25 as a departure fee at day and \$1 between 8 P.M. and 6 A.M.

## Taxi vehicle types and Rates for the popular destinations

To begin with, most of the companies' vehicles can boast the same features and services. Let's look at the taxi cab classes and their advantages:

- **Economy**

It is one of the most popular choices of people who want to save more money. The large variety of cars which provide comfortable seats and pleasant options are available at IAH airport.

- **Ecological**

There are some hybrid and electric cars which can also be offered by taxi companies. Such cars can boast a good speed, pleasant environment and silent engine.

- **Business**

This taxi class provides passengers with a luxurious design, additional pleasant options, comfortable seats and high-end transport. The prices for this transport are higher than the other ones.

- **SUV**

This class offers some big cars which are also considered as very comfortable and fast. It suits people who like spacious cars. Also, there is a big trunk.

- **Van**

This kind of transport is very important for a group of people. It provides air conditioning, a pleasant environment and comfortable seats. Also, large baggage storage is included there.

Now let's look at the main destinations of the city and the charges for transportation by taxi:

- Central Business District which is located at Houston Downtown is considered as one of the most popular places to visit in the city. The trip from IAH airport to the city centre will take about \$60.
- NRG Park and Astrodome are also popular places to visit. Taxi drivers will charge about \$70 for the trip from the airport.
- The trip to NASA Space Center, which is one of the most popular places for tourists, will charge \$100 or more.
- Some famous places like: Greenway Plaza, Memorial, Galleria, Medical Center, River Oaks will charge about \$65.

# Car Rental

## Car Rental Centre and Companies of IAH Airport

To begin with, there are loads of different ways of travelling in the city, and the most prominent and convenient for people who have a driving licence is driving a car. It is considered as one of the most pleasant and comfortable ways to explore a new city or country. It allows the driver to choose any destination he or she wants. One of the most interesting things is that the charge for renting a car will be less than using taxi services more than 2-3 times per day. Therefore, it is more profitable to choose a convenient transport at any car rental company and explore the famous city places than to use taxi services. Keep in mind that only people who have a driving licence and are above 21 are allowed to drive a vehicle as well as get it from those companies.

## Car rental services, options, and car returns at George Bush Airport

There are loads of rental companies' offices which are located close to Houston airport. Travellers may go to the rental car centre by following the signage on John F.

Kennedy Boulevard as well as Will Clayton Parkway. The full address of the building is 17330 Palmetto Pines, in Houston city. Also, most of the car rental companies, that provide loads of people with their cars in Houston, are located beside the building. Once anyone arrives there, he or she can choose from a variety of rental car companies and models to fit their needs and preferences. Let's consider the services and features the companies provide their customers:

- Roadside assistance;
- Pleasant environment of vehicles;
- High-end equipment of transport
- Some rental companies can offer different additional services like GPS navigation systems;
- Chauffeur services which will suit everyone who enjoys sitting back and relaxing while someone else does the driving;
- Large variety of classes and car models;
- Child safety seats;

## Houston Airport Car rental Centre

For travellers who need to rent a car when they arrive, the IAH airport Car Rental Centre is a convenient location. Finding the ideal car for everybody needs is simple thanks to the wide range of rental companies and vehicles available. The shuttle usually ride straight to the Rental Car Centre from IAH terminals just takes five minutes. Considering shuttle buses that go there every day, they usually run from 7 A.M. to 11 P.M. The approximate frequency is five minutes. Between 11 P.M. and 7 A.M., they run every 10 minutes. Also, the shuttles leave from outside Baggage Claim/Arrivals, Terminals A, B, C, and E. Usually shuttles leave every 5 minutes. Let's consider the location where shuttles arrive:

- The Southern side of Terminal A, door A-115;
- Terminal B: B-103 on the south side;
- The Southern side of IAH airport Terminal C: Doors C-106 as well as C-105;
- West side, Terminal E, E-101.

"Rental Car" signs can be found at exits. Watch for "Rental Car Shuttle" white colour as well as blue colour buses. The consolidated rental merges the activities of many major rental car firms at IAH. It operates every day, around the clock.

## Car Rental Companies' Offices beside Houston Airport

There are loads of different rental companies which are located close to George Bush airport and provide all their clients with great services and offers. Some of them include a diverse selection of vehicles to meet a variety of needs and budgets. Customers can also take full advantage of convenient shuttle services to and from the airport. Moreover, many of these rental usually provide online booking and support available around the clock to ensure a great experience. Renting a car from one of these companies is considered as a great option for Houston travellers, who expect affordable prices as well as flexible rental periods.

Consider some companies in greater depth:

### ❖ Sixt

SIXT rent a car is one of the leaders in their industry with over 100 years of experience, offering convenient locations and great deals on convertibles, SUVs, and also passenger vans. They offer convenient locations, that are located beside the places with crowds of people. Everyone can get great transport there. Let's consider some interesting information about Sixt car rental:

- SIXT offers a summary of all costs when reserving a hire vehicle, from the station in which the vehicle is picked up to the car type and extras that customers select;
- Everyone can make a reservation using our website or the SIXT app;
- The rental vehicle will usually come with a gas tank that is full;
- Different types of payment are available.

### ❖ Hertz

This company provides great rent car features, including the Thrifty service as well as great car collections, frequent sales, and offers. Hertz features and advantages:

- It is a well-known automobile rental company that offers a wide range of excellent services to its customers, including passenger cars, vans, and other vehicles.
- The corporation also operates the renowned Thrifty rental service.

- Hertz employs cutting-edge technology and equipment to maintain their vehicles.
- The company gives clients a wide range of different automotive collections, as well as periodic promotions and offers.

### ❖ Thrifty

This incredible company is a subsidiary of the major American rental car Hertz. Thrifty is a long-standing firm that was started in 1958 and has a wealth of experience in the car rental market. The company, like its parent corporation, The Hertz Corporation, is headquartered in Estero, Florida. The automobile rental company's major goal is to lead the budget-conscious leisure passengers catering industry in various airports. Keep in mind that this organisation offers their consumers a wide range of distinct car collections, as well as frequent specials and deals. Let's consider some features and services of Thrifty at Houston airport:

- Cheap costs and a wide selection of vehicles in storage;
- Vehicle selection consultation;
- Customers can take advantage of a variety of sales and frequent offers;
- A warm welcome to all visitors and a welcoming environment;
- Wi-Fi access is free and available in all areas near the office.

### ❖ Enterprise

Enterprise Car Rental is an automobile rental company based in Clayton, Missouri that is owned by Enterprise Holdings. It concentrates on "home city" rentals but it has recently extended to airport-based rentals. Enterprise provides their customers a wide range of different vehicles, including economy cars, luxurious transport, SUVs, and trucks. It also offers pick-up services for the clients who need to be picked up from their location. The rental company office is located close to all the previous companies at the Rental Car Centre. Consider some of the car rental company's features:

- Flexible rental periods which are available every season;
- Various vehicle options like GPS, and roadside assistance service;
- User-friendly online services which enable everyone to get a convenient car that will meet all the customer's requirements;
- Convenient pick-up and drop-off location, including shuttle bus service;

# IAH PARKING

## Car parks of George Bush Intercontinental Airport

It is one of the most useful facilities in any large public building all over the world. There are loads of different car parks that enable everyone to stay there regardless of price or time at Houston airport. Everybody can easily choose the most convenient or affordable parking lot there. Also, there are different online booking services that make finding any car park easier. One of the most pleasant features is the fact that all the parking lots offer different pleasant services and complimentary. Also, charging stations where owners of electric cars can charge their transport are also available throughout Houston airport area.

### Houston airport Parking Map

The whole parking facilities are merged together into a large map. It consists of 5 main car parks and other additional parking lots with other features. All the main car parks are directly located beside each Terminal of the whole airport. This makes it convenient for travellers to park their cars and easily access the Terminal without having to walk long distances. All the main parking lots are: Green, Purple, Blue, Red and Orange which are considered as the car parks of Terminal A, Terminal B, C, D and E respectively.

There are some car parks which are located further from each Terminal of the airport than the five main parks. Let's consider them and their locations:

- **Ecopark of Houston airport**

The location of the first economy car parking of the airport is JFK Blvd. Shuttle bus helps people to move between the airport and parking lots, which enables everyone to reduce the time for walking to any of the Terminals. Ecopark is located at the Southern part of the airport.

- **Ecopark 2**

The location of the second affordable car park of the airport is Will Clayton Parkway. Very useful shuttle bus service can easily help everybody to move between the airport and parking lots, which enables everyone to reduce the time for walking to any of the Terminals. The parking lot is located at the Eastern part of the airport.

- Other car parks

There is a tonne of additional, well-known parking facilities near the airport. They usually offer the same services and features as the airport ones, but they are located further.

## IAH Airport information about parking lots and facilities

Let's consider all of the car parks, their distinguishing features and rates:

- Valet Parking at IAH

The main parking facilities at the airport offer various pleasant options and features. It is considered as the most convenient and best car park at Houston International Airport area. One of the main highlighting features is a location. All the five parking lots of the airport are located directly beside each Terminal of the airport building. Usually most of the valet free spaces are available for the customers, according to statistics.

Talking about the rates of the parking facilities, let's begin with the popular parking time which customers purchase. If someone wants to park his or her vehicle for up to 2 hours there it will charge about \$14. In case of renting a spot for 24 hours it will charge about \$30. The 2-days renting price is \$62, including the convenience fee. Also if someone wants to get a spot for a week it will cost about \$210.

- Ecoparks of Houston Airport

These facilities are considered as an affordable way to leave a car in a safe place. Also, some transportation services like shuttle buses help people to move there easily. The approximate time of travelling between these car parks and Terminals of the airport is 10 minutes. Usually more than 30 - 50% of spaces are free. It depends on the time of day.

Let's consider popular time periods which customers choose and all the rates:

- Up to 3 hours:

- Ecopark - JFK Covered takes a charge about \$7.50;
- Ecopark - JFK Uncovered price is \$6;
- Ecopark 2 - \$6.50;

- 1 Day:

- Ecopark - JFK Uncovered charges about \$8.10;
- Ecopark - JFK Covered price is \$9.90;

- Ecopark 2 - \$9;
- 2 Days:
  - Ecopark - JFK Covered charges \$20;
  - Ecopark - JFK Uncovered will charge \$16;
  - Ecopark 2 - \$18
- 7 Days:
