Sofia|Beauty Retoucher

About Me

Hi, I'm Sofia — a beauty and portrait retoucher specializing in natural-looking edits and clean, realistic skin retouching.

I specialize in enhancing photos while keeping the original texture, details, and realistic appearance. My goal is to create polished, soft, and professional-looking images while keeping them natural and authentic.

I work with:

- Beauty retouching
- Portrait editing
- Skin retouching
- Color correction
- Natural photo enhancement

I pay close attention to every detail and always aim for high-quality, aesthetic results that still feel authentic and natural.

Tools I Use

I am a mobile-based beauty retoucher specializing in natural and aesthetic photo editing. I work using Adobe Lightroom Mobile, Photoshop Express, PicsArt, and other editing apps to create clean, polished, and realistic results.

My work includes skin retouching, color correction, lighting adjustments, background cleanup, and overall image enhancement while preserving natural skin texture and details.

Skills & Tools

Creative Skills

- Photo Retouching
- Portrait Retouching
- Natural Skin Retouching
- Video Retouching / Video Enhancement
- Color Correction & Color Grading
- Exposure & Lighting Adjustment
- Photo Collage Design
- Mobile Photo & Video Editing
- Attention to Detail

First Project

I removed skin imperfections and redness, adjusted the lighting, and kept the natural skin texture intact without over-darkening.

Second Project

Natural Lip Retouch: I evened out the tone, removed dryness and minor imperfections while preserving the natural texture and shape. The focus is on a clean, natural look without over-editing.

Third Project

Eye Area Retouching: I gently refined the skin texture around the eye, reducing small imperfections while preserving a natural look. The edited eyeliner remains the main accent, keeping its sharpness and expressive shape without losing definition.
