

Hi! We are SE Film Production Company based in Kyiv, Ukraine.

We make films and TV series, streaming on Netflix, iTunes, and Amazon that often wins international awards. Having assembled a professional team and distributing the areas of responsibility of each employee, we were able to create a special microclimate and such a cool products.

Our global goal is to make Ukraine the flagship of world cinema. We want Ukraine to dictate film editing trends, not to follow existing standards. That's why we are always doing even more than you expect. We aim to become a fully-fledged partner in the world's best film production and to represent Ukraine nobly. We reveal the incredible potential of Ukraine in creating incredible films.

Our country provides all the possibilities for shooting world-class cinema: picturesque locations, European-class equipment, and a large number of talented cinema specialists - it remains only to open your talent in the right direction. We will help you do it!

The difference between our work and similar companies lies in an exclusively analytical approach to the task. We generate a high-quality picture based on the wishes of the customer, the size of the budget, the capabilities of our team, and external factors. At the final stage, we provide a finished product that your viewer wants to watch. SE Film Production - perfection in the frame!

When you work with our team, you forget that you are in the studio. We help you transfer your imagination to reality, go beyond any technical limitations, feel like the creator of something more than a video clip. Go beyond the fragment using all our resources. Unleash your imagination in the endless incredible expanses of Ukraine!

Check out our work and you will see how high-quality a shot can be when it is created in a circle of people united by a great idea and colossal experience in creating a beautiful shot.

We create films, series, commercials, and other editing products. We do not watch from the side, we experience every moment of the video.

We do not focus on single tasks, but try to achieve excellence in a global goal. We are against template solutions and visualize our imagination as if with paints on a canvas. By the way, Ukraine has favorable conditions for creating a unique frame. Warner Bros, Sony, Paramount Pictures, and other movie studios with big names shot their pictures here.

From searching for the perfect location to finalizing editing effects, from a text selection to sound effects, we guarantee you quality at every stage of our cooperation. SE Film Production is chosen by those who are used to looking at the future. That is why our partners choose us - we love our country and our work. Those, we help producers and directors to create products that attract the viewers. And it doesn't matter if it's a short film or a 10 episode television series.

And we also speak the language of the client. Even though in art there are no languages and conventions, we can agree on work plans in English and other languages.

Our latest projects are:

End Game feature film (2017). Bronze Remi Award winner in WorldFest International Independent Film Festival in the USA. The plot of this drama was taken from the real events of the Soviet era, won many viewer's feelings, and was called the "Doctors' Plot".

The Golem feature film (2019). Ranked as 8th world Best Horror Movie 2019, it was streaming on Netflix, iTunes, and Amazon. The film directed by Yoav and Doron Paz described the consequences of careless use of ancient spells. During the congress, unique locations were involved, and our team worked on the project in difficult weather conditions, but the result was excellent.

Autonomies TV series (2018). Winner of the Best International Television Series at Geneva International Film Festival. This is a psychological drama about a little girl's kidnapping. The inner state and experience of the director were thoroughly conveyed in the work, and the film itself was appreciated by thousands of people around the world.

The Conductor TV series (2018). Ophir Award winner, known as the Israeli Oscars. The story of a famous pianist leaves Chicago and the world's biggest stages and changes it to a little hometown and works like a child's choir conductor.

Plan A feature film (2019, in post-production). The post-World War II real story drama directed by Yoav and Doron Paz, starring August Diehl (known for Quentin Tarantino's Inglourious Basterds and Sylvia Hoeks (known for Blade Runner 2049 and The Girl in the Spider's Web). The film is co-produced by SE Film Production and was shooting in Lviv, Ukraine.

Our team

Shalom Eisenbach - producer, founder

A talented director and leader were born and raised in Israel, but for the past 15 years, he has lived in many countries of the world, most of all in Eastern Europe and Ukraine. The grafted Jewish culture and rich spiritual values allowed Shalom to successfully realize himself in film production and gain a foothold in this area as one of the most successful filmmakers of Israeli descent.

Eisenbach managed the production of many films and his works have won many international awards, including the feature film Take Mama (directed by Ariel Cohen), which received the Critics Award.

2009 was the year of the director's particularly important victory thanks to his short film Sinner, which won the Best European Short Film Award at the 2009 Venice Film Festival and has since been screened at over 50 international film festivals.

Since 2012, Shalom Eisenbach has been continuously developing SE Film Production. His main achievement was the creation of a large team of talented professionals with an ideal climate within the team and huge potential in international cinema.

Oleg German - producer, founder

Oleg German's path to the cinema began in 2011. Then he led the Oji Music Company, which was engaged in recruiting an actor for several Ukrainian television projects. In 2012, he founded the Euroforum and was engaged in the production of films and television shows

of Ukrainian origin. As a CEO of East-West Production, he develops and produces psychological thriller Cold Blood, directed by Frédéric Petitjean and Jean Reno.

Irina Grinko - line producer

Irina Grinko began work in film production in 2018 and in 2 years she completed an amazing amount of work on many successful projects. Irina participated in the filming of such projects as Not easy, Autonomy TV series, Golem, Heir of the king, Transatlantic, Plan A, Airball, short film Sisters, and MANAYEK TV series. Colleagues highly appreciate the talent of the young director.

Karina Antonets - accountant

Karina will correctly calculate the estimate of your project and solve any financial issues that may arise during your work. She is also involved in optimizing the customer's budget before working on a project.

Reasons for shooting in Ukraine

Different climates and locations. Unique Ukrainian landscapes will not leave you indifferent to shooting projects of any budget and genre here. Quiet steppes, dense forests, cold mountains and a huge number of incredible ponds and small wonders of nature - what else is needed to beautifully convey the atmosphere of drama, breathtaking thriller or adventure film? In addition, our company is ready to provide props for any genre of your project.

- Studio & Equipment. We use cool equipment, similar to Hollywood lighting, sound recorders, cameras, pavilions, etc. If you have some special wishes, give us time - we will find you anything.
- Professional English-speaking film crew: We speak your language! Our team members are educated and speak English, so they will easily understand and implement any of your ideas within the project.
- High-level service industry. We will help you with comfortable accommodation and transfer of crews of any size. Ukraine is famous for its hospitality, so be sure: even after the most difficult shooting day, you will have a desire to walk around the capital, admire the nature of Ukraine and try our cuisine.
- Easy access. You don't need a visa or permit access if you want to visit and work in Ukraine. Lots of locations are easy to use as a set, for example, train stations or other state objects.

- Affordable prices: Even though you receive international standards level of services, the prices are super-affordable for your budget, which makes Ukraine one of the best options for shooting your films.
