

About Me

I am a professional AI Filmmaker with over 3 years of experience in video production.

I combine advanced AI technology with cinematic storytelling to create visually powerful, emotionally engaging films inspired by high-end movie sequences and AAA game cinematics.

For me, AI is a tool — storytelling and impact come first.

Services

I provide end-to-end video production,

What I create:

- Cinematic trailers
- Gaming-inspired sequences
- Feature-length films
- Viral short-form content (Instagram, TikTok, YouTube Shorts)
- Epic and historical narratives
- Promotional and branded storytelling

Every project is structured with strong visual direction, emotional pacing, and platform optimization.

Tools & Technology

I work with industry-leading AI tools to achieve cinematic quality:

- ElevenLabs – voice-over, dialogue, sound design
- Kling AI – cinematic scene generation
- Seedance – dynamic film-style motion
- Suno AI – original cinematic music

These tools allow me to deliver immersive, production-ready content.

Style & Focus

My specialty:

- Epic cinematic films
- Historical storytelling
- Game-inspired visuals
- Dramatic, emotionally driven narratives
